## **Partners In Conflict:**

**Magnetic Partners** Stephen Betchen, 2010-05-18 Do you and your partner argue about the same things over and over again Are you often confused about why your partner is so angry with you Are things getting worse and worse even though you've tried everything you can think of to make them better In this breakthrough guide to repairing romantic relationships therapist and marriage researcher Dr Stephen Betchen presents a powerful new explanation of what leads to this kind of escalating conflict in couples and how you can repair your relationship and find a whole new level of happiness Based on his extensive experience as a couples therapist Dr Betchen has discovered that the prevailing idea that opposites attract is wrong Instead one of the strongest forces that attracts people to one another is that they share a hidden inner conflict in their lives an unconscious struggle within themselves that each of them developed growing up which he calls a master conflict The fact that a couple shares a master conflict acts as an almost magnetic force of attraction but over time master conflicts often begin to push a pair apart many of the very things you most appreciated about each other start to grate on you producing increasing hostility The good news is that by identifying the master conflict that you share you and your partner can take the steps to break the cycle of fighting and come to a new place of understanding and happiness in your relationship Often just the realization that you have this hidden conflict acts as a powerful cure allowing you to appreciate each other once again and to be empathetic about the things that have been irritating you both From his years of work with couples Betchen has identified the nineteen most common master conflicts such as getting your needs met vs caretaking giving vs withholding commitment vs freedom power vs passivity and for each he provides vivid stories of couples who have struggled with them as well as simple tests that help you to identify the core master conflict that is causing your relationship problems Understand the origins of your conflict and how it drew you to your partner Diagnose how the conflict is now pushing you apart Come to new terms with the conflict to save your relationship As Dr Betchen writes knowledge of a master conflict is power and *Magnetic Partners* is an empowering guide that will help you not only to identify and control your master conflict but also to bring your relationship to a new level based on deeper understanding ultimately leading to greater fulfillment and long term resilience

*Partners Conflict in Intimate Relationships* Dudley D. Cahn, 1992 Why is the potential for conflict so great for intimate partners This volume integrates research from psychology sociology communications and family studies to provide a comprehensive practical synthesis of findings concerning conflict in close personal relationships Combining discussion of both theory and practice the volume illuminates why conflict occurs frequently between friends romantic partners distressed couples and divorcing spouses and also offers professionals a framework for understanding conflict as they try to help defuse strife The book establishes conflict as a process that lies dormant in any mutually dependent relationship Depending on the partners strategies in conflict the potential for disagreement can quickly become a real obstacle between them and can even threaten to end the relationship To better determine the source of stress three different

research paradigms are presented to explain the conflict process and why it occurs as well as to suggest what can be done to help partners manage conflict and preserve intimacy The systems interactionists approach is presented first This section discusses methods used to characterize destructive and constructive communication behavior patterns and strategies for dispute resolution Next the rules interventionist approach examines ways in which a mediator can help divorcing couples end one relationship and begin another Finally the cognitive exchange approach is considered Methods used to determine the antecedent conditions which influence partners reactions during conflict are presented and approaches for helping them modify destructive communication strategies are discussed Throughout terminology and measurements are made to correspond across disciplines so that the work is accessible to all In addition to relating particular studies and research programs to their appropriate research approaches the book shows how conflict is uniquely handled when distressed partners engage in problem solving when disputing partners engage in mediation and when same and opposite sex partners participate in developing relationships Comparison and contrast emphasize the role played by conflict communication behavior rules and strategies found in developing intimate relationships the destructive conflict characteristic of emotionally distressed couples and the bargaining negotiation characteristic of formal mediation Drawing together the wide array of research on the topic in a user friendly format this book is an ideal resource for any investigator interested in distressed relationships Offering practical methodology firmly founded in theory it is invaluable reading for clinicians working with people in conflict The book also serves as a text for advanced undergraduate and graduate students of conflict in interpersonal relationships and as supplementary reading for a variety of courses where conflict is a focus of study
