Personality Development In Childhood:

Personality Development in Childhood Mary Cover Jones, Barbara Stoddard Burks, 1973 **Personality Development in Children** Ira Iscoe, Harold W. Stevenson, 2014-06-13 This book presents penetrating observations by six authorities on the personality development of children for the enlightenment of parents teachers and others who have a vital interest in children In the first paper the late Harold E Jones a professor of psychology and the director of the Institute of Human Development at the University of California examines the development of personality over a long period of time He discusses the child rearing practices used with a number of babies then follows through with observations made several years later to see the effects of these practices In another paper John E Anderson a professor of psychology at the University of Minnesota and the former director of the Institute of Child Development and Welfare there supports the theory that valid predictions of future personality adjustment can be made through an assessment of the present status of an individual Anderson s findings are based on the results of tests administered to children of Nobles County Minnesota during the period 1950 1957 and on teacher community pupil ratings of these children Still other papers offer a variety of ideas Dr Milton J E Senn Sterling Professor of Pediatrics and Psychiatry and the director of the Child Study Center at Yale University suggests that there be greater harmony and more exchange of thought among people working toward a proper understanding of human nature To a degree this entire book follows his suggestion Among several noteworthy observations made by Stanford University Professor of Psychology Robert R Sears is the point that the development of conscience depends largely upon whether a child is loved or rejected by his or her parents John W M Whiting professor of education and director of the Laboratory for Human Development at Harvard University discusses among other problems the question of why children like to play grown up roles and what happens when they are not permitted to do so Orville Brim a sociologist at the Russell Sage Foundation of New York City explains personality in terms of demands holding that one s personality changes from situation to situation and from person to person Personality and Development in Childhood Daniel Hart, Robert Atkins, Suzanne G. Fegley, 2003 This Monograph addresses three questions 1 How can we best describe childhood personality 2 How is personality related to the child s successes and failures 3 What sort of factors are related to personality development Uses a longitudinal analyses of thousands of children from across the United States to define the three personality types that best describe personality resilient over controlled and under controlled Studies the relationship between personality type and children s successes and failures Explores how the stresses characteristic of poverty affect children s personality development Personality Development in Childhood Lee C. Lee, 1976 **Personality Development from Infancy to Adulthood** Charles Wenar, 1971 **Personality Development in Children** Ira Iscoe, Harold W. Stevenson, 1968
Socialization and Personality Development Edward Zigler, Irvin Long Child, 1973 An important overview of socialization and personality development this book couples broad coverage with intensive treatment of special topics making it very

useful as a supplementary text in both undergraduate and graduate child development and personality courses This book is divided into two parts The first is an integrated review by the authors of overall developments in the field of socialization The second a collection of 12 essays by various authors was selected to give the reader some sense of the diversity and empirical efforts that must be considered in any serious investigation of the socialization process Back cover Childhood and Human Nature Sula Wolff,2017-12-06 How do we make sense of people Human behaviour is complex so that understanding ourselves and others calls for both objective and subjective viewpoints as well as a flexible appreciation of human development over time Dr Sula Wolff believes that knowledge about personality development is essential in three important domains in the appraisal of deviant behaviour at all ages in the development of social policy for children and in therapeutic interventions for children and their families In this book originally published in 1989 Dr Wolff gives a comprehensive account of the major aspects of personality development in childhood She reports research findings and presents developmental theories in their historical context stressing the interplay between biological and cultural influences on development Her account includes a wealth of illustrative case histories with children and parents speaking for themselves these provide fascinating reading and give substance to statistical results and theoretical propositions Clearly and simply written the book will be of interest to many people and will still be of value to medical students psychiatrists in training students in social work and psychology and teachers in special education *Handbook of Child Psychology, Social, Emotional, and Personality Development* William Damon,Richard M. Lerner,Nancy Eisenberg,2006-06-12 Part of the authoritative four volume reference that spans the entire field of child development and has set the standard against which all other scholarly references are compared Updated and revised to reflect the new developments in the field the Handbook of Child Psychology Sixth Edition contains new chapters on such topics as spirituality social understanding and non verbal communication Volume 3 Social Emotional and Personality Development edited by Nancy Eisenberg Arizona State University covers mechanisms of socialization and personality development including parent child relationships peer relationships emotional development gender role acquisition pro social and anti social development motivation achievement social cognition and moral reasoning plus a new chapter on adolescent development *Personality Development in Children* Ira Iscoe,Harold William Stevenson,1960 **Social and Personality Development in Childhood** Stewart Cohen,1976 *Parental Descriptions of Child Personality* Gedolph A. Kohnstamm,Charles F. Halverson, Jr.,Ivan Mervielde,Valerie L. Havill,Charles F. Halverson,1998-05 This volume reports on an unprecedented international collaboration of researchers studying the development of personality via reports from parents Its methods and findings will be of interest to personality clinical and developmental psychologists **Personality Development in Childhood** Mary Cover Jones,Barbara Stoddard Burks,1973 Handbook of Personality Development Dan P. McAdams,Rebecca L. Shiner,Jennifer L. Tackett,2021-04-02 Bringing together prominent scholars this authoritative volume considers the development of personality at multiple levels from the

neuroscience of dispositional traits to the cultural shaping of life stories Illustrated with case studies and concrete examples the Handbook integrates areas of research that have often remained disparate It offers a lifespan perspective on the many factors that influence each individual s psychological makeup and examines the interface of personality development with health psychopathology relationships and the family Contributors provide broad based up to date reviews of theories empirical findings methodological innovations and emerging trends See also the authored volume *The Art and Science of Personality Development* by Dan P McAdams **Personality Development in Children** Ira Iscoe,2003-01-01

Personality Development and Choice of Vocation Edward Amherst Ott,1924 *Temperament and Personality Development Across the Life Span* Victoria J. Molfese,Dennis L. Molfese,Robert R. McCrae,2000-06-01 This is the third book in a series of *Across the Life Span* volumes that has come from the Biennial Life Span Development Conferences The authors well known in their fields present theoretical and research issues important for the understanding of temperament in infancy and childhood as well as personality in adolescence and adulthood Current findings placed within theoretical and historical contexts make each chapter distinctive The chapter authors focus on their work and its implications for temperament and personality issues across the life span In addition they include summaries of research by other investigators and theorists placing their work and that of others in a lifespan perspective **Social Adjustment and Personality Development in Children** Merrill Flagg Roff,Saul B. Sells,Mary M. Golden,1972-01-01 **Social and Personality Development** William Damon,1983 Traces the psychological development of a child and discusses the factors that influence the child s social behavior and relationships *Personality Development and Psychopathology* Norman Cameron,Joseph F. Rychlak,1985 The purpose of this book is to present a picture of the inner life of man as it interacts with the surroundings as it is experienced and as it is expressed in normal behaviour and psychopathology Man s inner life is always a significant source of action and it arouses in other persons through its behavioural expression some of their most important experiences The dynamic interplay of each person s inner life his behavioural expressions and the experiences he arouses in others are the major forces that constitute society and go to form the culture in which human beings live Comparisons with the circumstances of animal life where the environment is much simpler and the reactions to it far less flexible bring out sharp contrasts as well as some similarities Throughout this book the importance of infancy and early childhood is strongly emphasized
