Marx and Burke Ruth A. Bevan,1973 Marx, Lenin, and the Revolutionary Experience Paul LeBlanc,2014-06-03 Marx Lenin and the Revolutionary Experience offers a fresh look at Communism both the bad and good and also touches on anarchism Christian theory conservatism liberalism Marxism and more to argue for the enduring relevance of Karl Marx and V I Lenin as democratic revolutionaries It examines the Red Decade of the 1930s and the civil rights movement and the New Left of the 1960s in the United States as well Studying the past to grapple with issues of war and terrorism exploitation hunger ecological crisis and trends toward deadening de spiritualization the book shows how the revolutionaries of the past are still relevant to today s struggles It offers a clearly written and carefully reasoned thematic discussion of globalization Marxism Christianity and religion in general Communism the history of the USSR and US radical and social movements

Studies in Burke and His Time ,1974 *The New History and the Old* Gertrude Himmelfarb,1987 The New History and the Old is a marvelously written perfectly serious yet vastly entertaining critique of current fashions in the writing of history social history psychoanalytic history quantitative history Marxist and neo Marxist history mentalit history As the new history is coming to dominate the profession Gertrude Himmelfarb argues it tends to supplant rather than supplement the old which centered on political constitutional diplomatic and intellectual events The effect is not only to transform the discipline of history but also to alter profoundly our sense of the past A mode of history that belittles politics and ideas denigrates the political institutions and intellectual traditions that have shaped our past and severs the continuity between past and present leaving little that is usable in their place This provocative analysis of the revolution in history as it has been called has implications that go well beyond the discipline of history itself It raises fundamental and far reaching questions about the nature of our postmodern society and will undoubtedly arouse a good deal of discussion and debate along broad cultural lines
