Eaton, 1996 Martin Johnson Heade 1819 1904 was under appreciated during his lifetime forgotten in death and rediscovered four decades later yet today he is recognized as one of the most important artists America has produced This book surveys Heade s long and diverse career and includes examples of his portraits landscapes hummingbirds still lifes and flowers Heade s history is vague he was an artist who wrote often and copiously but seldom about his own work or himself Although his work will continue to be researched and his philosophical and aesthetic concerns speculated on he will nevertheless remain enigmatic Martin Johnson Heade, 1819-1904 Robert G (Robert George) McIntyre, 2021-09-09 This work has been selected by scholars as being culturally
