*Subject Guide to Books in Print*, 2001 Introduction to Quickbooks 2002 Kerryn Maguire, 2002 Contractor's Guide to QuickBooks Pro 2004 Karen Mitchell, Craig Savage, Jim Erwin, 2004

According to a recent national survey more construction contractors use QuickBooks Pro and QuickBooks than all other accounting programs combined. And for good reason QuickBooks Pro excels at all the routine paperwork in a construction office: writing checks, keeping track of your bank balance, sending out invoices and statements, creating up to the minute profit and loss statements for the month, year or by job, writing payroll checks, paying suppliers and subcontractors, tracking job costs, comparing estimated and actual costs for each job, and much more. But there's a lot to learn in QuickBooks Pro. And converting to a new accounting system can be a complex and confusing task, even if you have a strong background in accounting and plenty of time to install the new system. That's why this book was written because most construction pros aren't accounting experts and have more important work to do at the job site.

*Contractor's Guide to QuickBooks Pro 2004* will walk you step by step through QuickBooks Pro's detailed setup procedure and then explain item by item how you should be using QuickBooks Pro every day. In days rather than weeks you'll create a first rate accounting system that's an asset to your company. Here you'll find simple, well illustrated instructions for customizing the setup for QuickBooks Pro 2004, including what each screen on your monitor should look like. This manual explains every choice you need to make and every button you need to click on. And it tells you how to get a trial version of QuickBooks Pro if you want to try it before buying and includes two other programs you'll want to use when estimating costs with QuickBooks Pro. With this book, the CD in the back with the software and data files just described and QuickBooks Pro 2004, you have at your fingertips all the financial tools needed to keep your books straight and your company running strong and in the black.
