Summary of Ben Macintyre's Operation Mincemeat Everest Media,2022-03-23T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 In 1943 Jos Antonio Rey Mar a was a fish spotter for the fishermen of Punta Umbria Spain He saw a body floating in the water and when he rowed closer he realized it was a man He brought the body ashore and none of the other fishermen wanted to touch it 2 The British Secret Service had created a man from nothing in a basement room beneath the Admiralty building in Whitehall The man was tall and thin with thick spectacles and an elaborate air force mustache 3 The defining feature of this spy was his falsity He was a pure figment of imagination a weapon in a war far removed from the traditional battle of bombs and bullets

Trolling Ourselves to Death Jason Hannan,2023 Almost forty years ago Neil Postman argued that television had brought about a fundamental transformation to democracy By turning entertainment into our supreme ideology television had recreated public discourse in its image and converted democracy into show business In *Trolling Ourselves to Death* Jason Hannan builds on Postman s classic thesis arguing that we are now not so much amusing as trolling ourselves to death Yet how do we explain this profound change What are the primary drivers behind the deterioration of civic culture and the toxification of public discourse *Trolling Ourselves to Death* moves beyond the familiar picture of trolling by recasting it in a broader historical light Contrary to the popular view of the troll as an exclusively anonymous online prankster who hides behind a clever avatar and screen name Hannan asserts that trolls have emerged from the cave so to

speak and now walk in the clear light of day Trolls now include politicians performers patriots and protesters What was once a mysterious phenomenon limited to the darker corners of the Internet has since gone mainstream eroding our public culture and changing the rules of democratic politics Hannan shows how trolling is the logical outcome of a culture of possessive individualism widespread alienation mass distrust and rampant paranoia Synthesizing media ecology with historical materialism he explores the disturbing rise of political unreason in the form of mass trolling and sheds light on the proliferation of disinformation conspiracy theory cancel culture and digital violence Taking inspiration from Robert Brandom s innovative reading of Georg Wilhelm Friedrich Hegel Trolling Ourselves to Death makes a case for building a spirit of trust to curb the epidemic of mass distrust that feeds the plague of political trolling
