Making Waves Kurt Weyland, 2014-04-07 This study investigates the three main waves of political regime contention in Europe and Latin America Surprisingly protest against authoritarian rule spread across countries more quickly in the nineteenth century yet achieved greater success in bringing democracy in the twentieth To explain these divergent trends the book draws on cognitive psychological insights about the inferential heuristics that people commonly apply these shortcuts shape learning from foreign precedents such as an autocrat s overthrow elsewhere But these shortcuts had different force depending on the political organizational context In the inchoate societies of the nineteenth century common people were easily swayed by these heuristics jumping to the conclusion that they could replicate such a foreign precedent in their own countries they precipitously challenged powerful rulers yet often at inopportune moments and with low success By the twentieth century however political organizations had formed As organizational ties loosened the bounds of rationality contentious waves came to spread less rapidly but with greater success

Make Waves Patti B. Johnson, 2024-09-18 *Make Waves* encourages readers to step up and be the one to initiate change in their work and lives Author Patti B Johnson walks readers through the tools and techniques that they can use to create change in their own situations elaborating on these tools gives readers a sense of how to encourage and instill these wave making behaviors within their organization Using case studies as illustrative examples *Make Waves* highlights the important steps that individuals can take toward positive change bridging the gap between desires and actions necessary to realize bigger changes This new edition provides a more current and timely view of change with the expansion of the section on the mindset of a Wave Maker and more current examples New areas of focus are How our thoughts drive our readiness to change Our personal backpacks and what we carry with us into every situation regardless of the facts and the importance of knowing our go to s and triggers Our habits drive almost half of our daily decisions yet a change requires us to approach our work and life differently The most common obstacles to thinking like a Wave Maker
