Perceiving & Telling Danièle Chatelain,1998 *Perceiving & Telling* Danièle Chatelain,1998 **Time Machine** George Edgar Slusser,Patrick Parrinder,Danièle Chatelain,2001 Acclaimed as a work of genius when first published in 1895 The Time Machine represents a revolution in storytelling H G Wells s first and greatest novel has been recognized worldwide as a founding text of the science fiction genre and one of the most seminal narratives of the last hundred years This collection of essays offers a series of original penetrating and wide ranging perspectives on Wells s masterpiece by an international group of major Wells and science fiction scholars The authors explore such textual topics as the narrative techniques and mythological undertones of the novel as well as its contribution to modern ideas of time and evolution and its focusing of the intellectual cross currents of the late nineteenth century This insightful volume captures the innovative imagination richness and fascinating ambiguity that resulted in a classic literary work and demonstrates that Wells s novel is both a visionary story and an unstoppable idea *Science Fiction* George Slusser,2022-01-04 In what N Katherine Hayles describes as this enormously ambitious posthumous volume renowned scholar George Slusser offers a definitive version of the argument about the history of science fiction that he developed throughout his career that several important ideas and texts routinely overlooked in other critical studies made significant contributions to the creation of modern science fiction as it developed into a truly global literature He explores how key thinkers like Ren Descartes Benjamin Constant Thomas DeQuincey Guy du Maupassant J D Bernal and Ralph Waldo Emerson influenced and are reflected in twentieth century science fiction stories from the United States Great Britain France Germany Poland and Russia The conclusion begins with Slusser s overview of global science fiction in the twenty first century and discusses recent developments in countries like China Romania and Israel Hayles s foreword provides a useful summation of the book s contents while science fiction writer Gregory Benford contributes an afterword providing a personal perspective on the life and thoughts of his longtime friend The book was edited by Slusser s former colleague Gary Westfahl a distinguished scholar in his own right **Science-fiction Studies** ,

Speaking Science Fiction Andy Sawyer,David Seed,2000 This wide ranging volume explores the various dialogues that flourish between different aspects of science fiction academics and fans writers and readers ideological stances and national styles different interpretations of the genre and how language and voices are used in constructing SF Introduced by the acclaimed novelist Brian W Aldiss the essays range from studies of writers such as Robert A Heinlein who are considered as the heart of the genre to more contemporary writers such as Jack Womack and J G Ballard **Translation Review** ,2007

H.G. Wells Annie Escuret,1997 *Cahiers Victoriens & Édouardiens* ,1997 Space and Beyond Gary Westfahl,2000-01-30 Although the exploration of space has long preoccupied authors and filmmakers the development of an actual space program discoveries about the true nature of space and critical reconsiderations of America s frontier experiences have challenged and complicated conventional portrayals of humans in space This volume reexamines the

themes of space and the frontier in science fiction in light of recent scientific and literary developments From this new perspective we discern previously unnoticed commentaries from older authors while newer writers either remain within a reassuring but obsolete tradition venture into unexplored new realities or abandon space to focus on other frontiers The intriguing contributions to this volume include a previously unpublished interview with Arthur C Clarke the world's greatest living author of science fiction examinations of space opera by veteran author Jack Williamson and scholar David Pringle surveys of space in science fiction film and writer and producer Michael Cassutt's account of his efforts to launch a film based on a Clifford D Simak novel and speculations about future developments from noted writers Gregory Benford Jack Dann James Gunn and Howard V Hendrix *Show Me a Story* Julie C. Jackson, 2003 **Encyclopedia of Language & Linguistics** E. K. Brown, 2006 **Handbook of Research on Teaching** Drew Gitomer, Courtney Bell, 2016-05-19 The Fifth Edition of the Handbook of Research on Teaching is an essential resource for students and scholars dedicated to the study of teaching and learning This volume offers a vast array of topics ranging from the history of teaching to technological and literacy issues In each authoritative chapter the authors summarize the state of the field while providing conceptual overviews of critical topics related to research on teaching Each of the volume's 23 chapters is a canonical piece that will serve as a reference tool for the field The Handbook provides readers with an unparalleled view of the current state of research on teaching across its multiple facets and related fields **Poétique**, 2007 [Narratology beyond the Human](#) David Herman, 2018-03-01 To what extent and in what manner do storytelling practices accommodate nonhuman subjects and their modalities of experience and how can contemporary narrative study shed light on interspecies interactions and entanglements In [Narratology beyond the Human](#) David Herman addresses these questions through a cross-disciplinary approach to post-Darwinian narratives concerned with animals and human-animal relationships Herman considers the enabling and constraining effects of different narrative media examining a range of fictional and nonfictional texts disseminated in print comics and graphic novels and film In focusing on techniques such as the use of animal narrators alternation between human and nonhuman perspectives the embedding of stories within stories and others the book explores how specific strategies for portraying nonhuman agents both emerge from and contribute to broader attitudes toward animal life Herman argues that existing frameworks for narrative inquiry must be modified to take into account how stories are interwoven with cultural ontologies or understandings of what sorts of beings populate the world and how they relate to humans Showing how questions of narrative bear on ideas of species difference and assumptions about animal minds [Narratology beyond the Human](#) underscores our inextricable interconnectedness with other forms of creaturely life and suggests that stories can be used to resituate imaginaries of human action in a more-than-human world [Linguistics and Language Behavior Abstracts](#), 2008 **The Copenhagen Study in Urban Sociolinguistics**, 1991 *Handbook of Qualitative Research* Norman K.
