**More Golf Secrets** H. A. Murray M. D., H. A. Murray, 2010 As a golf professional of more years experience than I care to remember I have no hesitation in saying that Dr Murray's second golf book does indeed warrant the title More Golf Secrets The author has given the reader the benefit of his long experience of the game by approaching the subject in this book in the same analytical manner as he did the swing and golf fallacies in *The Golf Secret* I have never seen the grip and the stance so perfectly and completely described Ball spin and its effects are fascinating and instructive Putting the stymie and the chip shot the all important short game are admirably described with a view to rolling three shots into two Shots from the rough uneven lies and bunker shots are made to appear almost desirable for the pleasure they give and the mathematics of them are intriguing and convincing Wind and rain no longer seem to matter The skillful analyses of the various golf factors provide much information that is entirely new This book is a must for every golfer duffer or pro Algy Easterbrook Golf Professional
