Psychoanalysis And Religious Experience

David M. Black

Psychoanalysis And Religious Experience:

Psychoanalysis and Religious Experience William W. Meissner, 1986-01-01 In this provocative book W W Meissner a Jesuit and psychoanalyst attempts to bring about a rapprochement between psychoanalysis and religious thinking Utilizing the resources of modern psychoanalytic insight he examines Freud s views on religion explores the dialectical relationship between psychoanalysis and religion and applies more contemporary concepts in psychoanalysis to the understanding of religious experience Dr Meissner has written a book which is consistently interesting often challenging and impressive for its wide range of scholarship in two fields not often combined in the same work Dr Meissner has done us a service in this scholarly work by demonstrating how two perspectives of the human condition have over the course of the last several decades come to similar conclusions Otto F Thaler M D Journal of the American Academy of Religion A rich and stimulating book addressing important issues that lie at the intersection of psychoanalysis and religion Paul C Vitz Contemporary Psychology Meissner has made a challenging useful contribution that will be pondered applied and debated It will undoubtedly also achieve the goal of bringing about more understanding between analysts and theologians Lowell Rubin M D Newsletter Boston Psychoanalytic Society and Institute **Freud and Future Religious Experience** Anthony J. De Luca, 1976 **Belief after Freud** Carlos Domínguez-Morano, 2020-07-16 Belief after Freud confronts the psychoanalytic experience and the experience of faith A purified vision of faith so many times disfigured by infantile or neurotic dynamics can emerge through the crucible of psychoanalysis The work contributes to the dialogue between psychoanalysis and faith based on the respective lived experiences rather than from theoretical positions only The book is divided into three parts Part I centres on Freud s position on religion After an introductory chapter assessing Freud s present validity the following chapters critically examine Freud s position and interpretation of religion Part II examines how people of faith experience psychoanalysis including the role played by unconscious feelings of guilt and the ideas of sin and salvation Part III explores ideas of sexuality power and obedience including the unconscious and pathological roots of the relation with money and the sense of evangelical poverty Now in its fifth edition in Spain Belief after Freud has also been published in Argentina and Brazil Many readers say the book has opened a new form of belief for them The book has also been of great interest to non believing psychologists Christ and Freud (RLE: Freud) Arthur Guirdham, 2013-10-08 Originally published in 1959 this book is primarily concerned with the question of psychiatric factors in religion and conversely with that of religious factors in psychiatry It rejects the Freudian theory that religion is a form of obsessional neurosis Though this latter hypothesis may explain many of the phenomena of religious observance it cannot explain the reality of religious experience Dr Guirdham believes that orthodox Christianity is a perversion of the psychologically irrefutable teaching of Christ and that its conception of God as a supreme being endowed with supreme power its teaching on the resurrection and its contamination with a sense of guilt are especially conducive to psychiatric disorder He shows how theology may actually be inimical to religious

experience and how faith differs from belief and is a response of the whole man The book explains also the psychological origins of clericalism and demonstrates the role played by the latter in stifling religious experience The Psychoanalytic Approach to Religious Experience Theodore Schroeder,1929 Psychoanalysis and Religion Benjamin Beit-Hallahmi,1978 Hermeneutics and the Psychoanalysis of Religion Stephen J. Costello,2010 This book is a philosophical study of the Freudian psychoanalysis of religion from a hermeneutical perspective Drawing on the work of Paul Ricoeur the twentieth century French phenomenologist the author offers a sustained and rigorous reflection on Freud s critique of Christian religion and raises the pertinent question of whether psychoanalysis should be conceived of as a form of hermeneutics To this end the author details the often acrimonious debates and discussions that took place between Ricoeur and Jacques Lacan as well as drawing on the work of Slavoj Zizek on this intriguing subject with Lacan and Zizek resisting any attempt to interpret psychoanalysis along the lines of hermeneutics Having brought Ricoeur s reflections to bear on both Freud and Lacan the author next engages with the Thomist metaphysical tradition He deals especially with Aquinas famous five arguments for the existence of God the relevance of which becomes apparent in the last chapter when the author sheds a Lacanian light on Thomas mystical experience The author argues that the real God the God of Thomas experience pertains to the Lacanian order of the Real The book concludes with a *précis* on the beauty of belief Human Relationships and the Experience of God Michael St. Clair,2004-09-15 When people are interested in the spiritual life they are de facto saying I deeply value relationships relationships with themselves others and God Spirituality and an appreciation of the relationships they have go hand in hand Given this when we turn to contemporary psychology the school of thought which seems so naturally relevant and supportive to those interested in spiritual maturity is object relations theory However since this sophisticated approach to understanding the human person is quite complex in that it stands on the psychological shoulders of a great deal of previous psychoanalytic thought and practice to mine this theoretical jewel and apply it to further the appreciation of one s own or someone else s spiritual life has been quite difficult for most people And so the development of a basic work on object relations theory and the spiritual life has been sorely needed With this in mind Michael St Clair the author of the widely read and respected book *Object Relations and Self Psychology* and a person possessing extensive theological background as well as graduate level teaching and clinical experience in pastoral counseling and the integration of psychology and religion was asked to prepare a book on the topic The result is a volume that presents not only principles that are understandable and enlightening but also psychological illustrations that offer a clear connection with religious experience In addition although St Clair doesn t skirt the issues and controversies or subtle nuances that are open to question when one attempts an integration of psychology and spirituality from a particular vantage point first and foremost this book is a practical work In this regard it serves to be stimulating in one s reflection about the spiritual life one s own and that of those persons who come to us for guidance This volume provides a real service to those of us who wish to see in an intelligent way what

contributions modern psychology from an object relations perspective can make to our efforts to walk honestly and faithfully with God as we walk with others

Vincent's Religion William W. Meissner, 1997 Vincent van Gogh was one of the greatest artists of the nineteenth century and his works are known to millions Less familiar is the powerful religious dynamic that played a central role in his life and provided a pervasive motivational thrust that was reflected in some of his greatest artistic achievements The various components of this religious dimension are explored and their dynamic underpinnings discussed The manner in which these psychic forces came into play and found expression in his life and art is developed including the almost mystical aspect of his most sublime efforts

Early Psychoanalytic Religious Writings H. Newton Malony, Edward P. Shafranske, 2021-03-22 Early Psychoanalytic Religious Writings presents in one edited volume many of the foundational writings in the psychoanalytic study of religion These translated works by Abraham Fromm Pfister and others complement Freud's seminal contributions and provide a unique window into the origins of psychoanalytic thinking The volume includes the Freud Pfister correspondence with a brief introduction which reveals the rich back story of friendship mutual respect and intellectual debate These essays are anchored in Freud's early theory building and prefigure and are linked to later developments in psychoanalytic thought The issues raised in these essays are of relevance still today how is religions thinking shaped by unconscious processes reflecting primary relationships and drives

Relating to God, Dan Merkur, 2013-11-21 In Relating to God Clinical Psychoanalysis Spirituality and Theism Dan Merkur conceptualizes religious discourse within psychoanalysis He proposes that God be treated as a transference figure whose analysis leads to a reduction of the parental content that is projected onto God Merkur notes that religious conversion experiences regularly involve theological intuitions that are either rational or owing to morbid complications have undergone displacement into irrational symbolism Analysis renders the religiosity more wholesome Traditionally psychoanalytic thought has been dismissive of religion Freud is on record however as having called psychoanalysis a neutral procedure He argued that religion with its dependency on a providential God who punishes disobedience imagines spirituality on the model of human parents and fails to approach spirituality in an appropriately scientific manner He wrote little of spiritual phenomena but mentioned both the rationality of the universe and the parapsychological occurrence of thought transference Occasionally later psychoanalysts used different language in order to contrast wholesome and morbid forms of religion Erich Fromm distinguished authoritarian and humanistic religions while D W Winnicott condemned fetishistic behavior while approving of playful illusions that require belief in These formulations constructed a middle position for clinicians neither categorically opposed to religion as classical psychoanalysis was nor do they embrace cultural relativity as spiritually oriented psychotherapists are currently advocating What sorts of spiritual practices does psychoanalysis find unobjectionable As examples of humanistic religion Fromm named Zen Buddhism Buddhist mindfulness meditation and the via negativa or way of negating that some Christian and Jewish mystics have followed Because the Bible based approaches are little known

Merkur discusses their histories procedures and psychoanalytic understanding Psychoanalysis and Religion in the 21st Century David M. Black,2012-07-26 What can be gained from a dialogue between psychoanalysis and religion Freud described religion as the universal obsessional neurosis and uncompromisingly rejected it in favour of science Ever since there has been the assumption that psychoanalysts are hostile to religion Yet from the beginning individual analysts have questioned Freud s blanket rejection of religion In this book David Black brings together contributors from a wide range of schools and movements to discuss the issues They bring a fresh perspective to the subject of religion and psychoanalysis answering vital questions such as How do religious stories carry or distort psychological truth How do religions work psychologically What is the nature of religious experience Are there parallels between psychoanalysis and particular religious traditions Psychoanalysis and Religion in the 21st Century will be of great interest to psychoanalysts psychoanalytic therapists psychodynamic counsellors and anyone interested in the issues surrounding psychoanalysis religion theology and spirituality Soul on the Couch Charles Spezzano,Gerald J. Gargiulo,2013-06-17 Ever since Freud put religion on the couch in The Future of an Illusion there has been an uneasy peace with occasional skirmishes between these two great disciplines of subjectivity As prime meaning givers God and the unconscious have vied for supremacy in our thinking about ourselves especially our thinking about our human nature our moral stature and our destiny Freud in his bold manner found projection fear and denial to be the wellspring of religion s domination over man In analogous fashion those giving primacy to the soul over the unconscious have long dismissed psychoanalysis as mechanistic reductionistic and hence inadequate to the examination of spirituality Soul on the Couch is premised on the belief that discourse about the soul and discourse from the couch can inform and not simply ignore one another It brings together scholars and psychoanalysts at the forefront of an interdisciplinary dialogue that is vitally important to the growth of both disciplines Their essays are not only models of reflective inquiry they also illuminate the syntheses that emerge when analysts and scholars of religion bridge the gap that has long separated them and speak to one another Psychoanalysis, Phenomenological Anthropology and Religion Antoine Vergote,1998 In this volume we have brought together some of the most important contributions of Antoon Vergote to the field of what is now called clinical psychology of religion Most of these contributions were not published before in English They cover the field in two ways On the one hand we selected some articles in which Vergote reflects about the foundations of the clinical psychology of religion This first part of the book is about the psychoanalytic and philosophical anthropological approach of some major topics in the study of religion e g mythical thinking and symbolisation moral law and the idea of sin religious experience In this part we also included a critical reflection about the classic psychoanalytic criticism of religion and about the epistemology and the limits of the psychology of religion The second part on the other hand contains clinical empirical and psycho historical studies about concrete religious phenomena The first section of this part is amongst other topics about the psychological approach of the person Jesus about the psychological profile of the priest and about some

aspects of folk religiosity The second section deals with problems in the field of mental health and religion the differentiation of true and false mysticism religion and psychopathology and a psychological approach of the experience of visions and apparitions *Terror and Transformation* James William Jones,2002 At the heart of living religion is the idealization of everyday objects Such idealizations provide much of the transforming power of religious experience which is one of the positive contributions of religion to the psychological life However idealization can also lead to religious fanaticism which can be very destructive Drawing on the work of various contemporary relational theorists within psychoanalysis this book develops a psychoanalytically informed theory of the transforming and terror producing effects of religious experience It discusses the question of whether or not if idealization is the cause of many of the destructive acts done in the name of religion there can be vital religion without idealization **Psychosis or Mystical Religious Experience?** Susan L.

DeHoff,2018-02-13 This book presents a new paradigm for distinguishing psychotic and mystical religious experiences In order to explore how Presbyterian pastors differentiate such events Susan L DeHoff draws from Reformed theology psychological theory and robust qualitative research Following a conversation among multidisciplinary voices she presents a new paradigm considering the similarities differences and possible overlap of psychotic and mystical religious experiences

Spirit, Mind, and Brain Mortimer Ostow,2006-12-05 Preeminent psychoanalyst Mortimer Ostow believes that early childhood emotional attachments form the cognitive underpinnings of spiritual experience and religious motivation His hypothesis which is verifiable relies on psychological and neurobiological evidence but is respectful of the human need for spiritual value Ostow begins by classifying the three parts of the spiritual experience awe Spirituality proper and mysticism After he pinpoints the psychological origins of these feelings in infancy he discusses the foundations of religious sentiment and practice and the brain processes associated with spiritual experience He then focuses on spirituality s relationship to mood regulation and the role of negative spirituality in fostering religious fundamentalism and demonic possession Ostow concludes with an analysis of an essay by the psychoanalyst Donald M Marcus who recounts his own spiritual experience during a Native American style vision quest in the woods Marcus s account demonstrates the constructive potential of spirituality and the way in which spirituality retrieves and recapitulates feelings of attachment to the mother Persuasively and brilliantly argued Spirit Mind and Brain brings the disciplines of religion behavioral neuroscience and philosophy to bear on a groundbreaking new method for understanding religious ritual and belief **Paternity as Function** Vassilis

Saroglou,2001 Faced with the contemporary proliferation of a religion of emotional communities and the multiplication of gurus spiritual directors and masters the psychologist of religion should question the impact of the paternal function on the structuring of religious experience This question is examined here within the context of ancient monasticism and on the basis of ascetic sources mainly the Ladder of John Climacus 7th c as well as by means of the analysis of rituals such as baptism and monastic profession The author demonstrates that the spiritual father refers to paternity as function and that this function is

both structural and structuring with respect to religious experience It is also examined how this crossroads concept of fatherhood is linked to other psychic realities such as the maternal dimension of religious desire and the role of the community the relations between the real the imaginary and the symbolic the paternal uncertainty the articulation of the mystical desire with the Law and the control of sexuality This study shows the importance of this function for bringing together structure and development in the religious experience and indicates the risks of this paternity for a religious pathology The Psychoanalytic Review ,1920 **In the Image of God** Stanley Leavy,2015-12-22 In the Image of God is a compilation of lectures by Stanley Leavy a psychoanalyst approaching retirement reflecting on his experience as a follower of Freud and his method and also as a lifelong faithful Episcopalian The overarching idea linking the individual lectures is Leavy s belief that the deliberate study of the operations of the mind must yield results that are not just compatible with religious faith but amplify it eschewing the faith versus science argument for a more inclusive worldview

Psychoanalysis And Religious Experience Book Review: Unveiling the Power of Words

In some sort of driven by information and connectivity, the power of words has are more evident than ever. They have the capacity to inspire, provoke, and ignite change. Psychoanalysis And Religious Experience Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Psychoanalysis And Religious Experience PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong

learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Psychoanalysis And Religious Experience PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Psychoanalysis And Religious Experience free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Psychoanalysis And Religious Experience Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Psychoanalysis And Religious Experience is one of the best book in our library for free trial. We provide copy of Psychoanalysis And Religious Experience in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Psychoanalysis And Religious Experience. Where to download Psychoanalysis And Religious Experience online for free? Are you looking for Psychoanalysis And Religious Experience PDF? This is definitely going to save you time and cash in something you should think about. If you trying to find then search around for online. Without a doubt there are numerous these available and many of them have the freedom. However without doubt you receive whatever you purchase. An alternate way to get ideas is

always to check another Psychoanalysis And Religious Experience. This method for see exactly what may be included and adopt these ideas to your book. This site will almost certainly help you save time and effort, money and stress. If you are looking for free books then you really should consider finding to assist you try this. Several of Psychoanalysis And Religious Experience are for sale to free while some are payable. If you arent sure if the books you would like to download works with for usage along with your computer, it is possible to download free trials. The free guides make it easy for someone to free access online library for download books to your device. You can get free download on free trial for lots of books categories. Our library is the biggest of these that have literally hundreds of thousands of different products categories represented. You will also see that there are specific sites catered to different product types or categories, brands or niches related with Psychoanalysis And Religious Experience. So depending on what exactly you are searching, you will be able to choose e books to suit your own need. Need to access completely for Campbell Biology Seventh Edition book? Access Ebook without any digging. And by having access to our ebook online or by storing it on your computer, you have convenient answers with Psychoanalysis And Religious Experience To get started finding Psychoanalysis And Religious Experience, you are right to find our website which has a comprehensive collection of books online. Our library is the biggest of these that have literally hundreds of thousands of different products represented. You will also see that there are specific sites catered to different categories or niches related with Psychoanalysis And Religious Experience So depending on what exactly you are searching, you will be able to choose ebook to suit your own need. Thank you for reading Psychoanalysis And Religious Experience. Maybe you have knowledge that, people have search numerous times for their favorite readings like this Psychoanalysis And Religious Experience, but end up in harmful downloads. Rather than reading a good book with a cup of coffee in the afternoon, instead they juggled with some harmful bugs inside their laptop. Psychoanalysis And Religious Experience is available in our book collection an online access to it is set as public so you can download it instantly.
