

# Religion And The Human Image

**James Hastings, John Alexander  
Selbie, Louis Herbert Gray**

## **Religion And The Human Image:**

**Religion and the Human Image** Carl A. Raschke, James A. Kirk, Mark C. Taylor, 1977 Religion and the Human Image traces major religious philosophies to show how each is a mirror of man It explores religion as a set of symbols of images which reveal various aspects of human life throughout history It shows how to interpret the clues that give significance to the human situation The book discusses how the human image is depicted in the religion of ancient Israel in early Christianity in classical Hinduism and Buddhism and in the traditional religious cultures of China and Japan It concludes with two strong chapters that deal with the disintegration of traditional religious images under the impact of rapid social change and secularization during the past one hundred and fifty years the text concludes with an examination of recent trends in religion which seem to point toward the recovery of a new understanding of the human condition The material presents key traditions rather than covering everything about all religions although the introductory chapter summarizes and critically analyzes the various theories of religion in general It integrates the historical approach to religion with sociology psychology philosophy and theology Publisher

**The Image of God in an Image Driven Age** Beth Felker Jones, Jeffrey W. Barbeau, 2016-04-18 Humans are created in the image of God yet by choosing to rebel against God we become unfaithful bearers of his image But Jesus who is the image of God restores the divine image in us At the intersection of theology and culture these essays offer a unified vision of what it means to be truly human and created in the divine image in the world today

**Religion, Human Rights, and the Workplace** Gregory Mose, 2023-08-04 Religious freedom is a fundamental and relatively uncontested right in both the United States and Europe But other values like equality justice and the right to a private life are just as precious Managing such conflicts has become a highly contested and politicized area of law and nowhere are such conflicts more evident or more challenging than those arising in the workplace By comparing United States Federal Courts approach to free exercise in the workplace with that of the European Court of Human Rights this book explores two very different methodologies for adjudicating rights conflicts In examining methods and results case by case issue by issue and addressing each step of the analytical processes taken by judges it becomes apparent that the United States has lost its way in the quest for equality and justice It is argued here that while the European approach has its own flaws its proportionality approach may offer vital lessons for United States practice The book will make compelling reading for researchers academics and policy makers working in the areas of law and religion human rights law constitutional law and comparative law

*Made in the Image of God* Michael Fuller, David Jasper, 2021-05-15 What does it mean to be human and made in the image of God This collection of essays explores the question from a wide range of theological and philosophical perspectives

General History of the Christian Religion and Church August Neander, 1871

Maori Religion and Mythology Elsdon Best, 1924

**Religion in Human Affairs** Clifford Kirkpatrick, 1929

*Religious Human Rights in Global Perspective* John Witte, Johan David Van der Vyver, 1996-02-09

**Religious Human Rights in Global Perspective** John Witte Jr., Johan D.

van der Vyver,2023-12-11 In this Dickensian century of human rights the world has cultivated the best of religious rights protections but witnessed the worst of religious rights abuses In this volume Jimmy Carter John T Noonan Jr and a score of leading jurists assess critically and comparatively the religious rights laws and practices of the international community and of selected states in the Atlantic continents This volume and its companion Religious Human Rights in Global Perspective Religious Perspectives are products of an ongoing project on religion human rights and democracy undertaken by the Law and Religion Program at Emory University

*Visual Piety* David Morgan,1997-12-25 This fascinating study of devotional images traces their historical links to important strains of American culture David Morgan demonstrates how popular visual images from Warner Sallman's Head of Christ to velvet renditions of DaVinci's Last Supper to illustrations on prayer cards have assumed central roles in contemporary American lives and communities Morgan's history of popular religious images ranges from the late Middle Ages to the present day and analyzes what he calls visual piety or the belief that images convey Rather than isolating popular icons from their social contexts or regarding them as merely illustrative of theological ideas Morgan situates both Protestant and Catholic art within the domain of devotional practice ritual personal narrative and the sacred space of the home In addition he examines how popular icons have been rooted in social concerns ranging from control of human passions to notions of gender creedal orthodoxy and friendship Also discussed is the coupling of images with texts in the attempt to control meanings and to establish markers for one's community and belief Drawing from the fields of music sociology theology philosophy psychology and aesthetics *Visual Piety* is the first book to bring to specialist and lay reader alike an understanding of religious imagery's place in the social formation and maintenance of everyday American life

Religion and science, lectures Joseph Le Conte,1874      **The Philosophy of Religion** George Trumbull Ladd,1905

**A Treatise of Human Nature and Dialogues Concerning Natural Religion** ,1882      *Encyclopaedia of Religion and Ethics* James Hastings,John Alexander Selbie,Louis Herbert Gray,1912      The Human Image of God Hans-Georg Ziebertz,Friedrich Schweitzer,Hermann Häring,Don Browning,2021-10-01 A new wave of religious energy is sweeping through the western nations Although God is disappearing from religious discourse in western culture both as a word and as a concept there is a definite undercurrent of religious ardour which is growing in strength It focuses all the more attention on the issue what or who is God in the modern era This is the question examined through systematic studies practical theology and empirical research that are presented here through anthropologically relevant theology Renowned international authors make it plain in this book the question of God is exciting again This book is published in honour of Johannes A van der Ven on the occasion of his 60th birthday

An Introduction to the History of Religion Frank Byron Jevons,1911

*Discourses on human nature, human life, and the nature of religion* Orville Dewey,1872      *Romanism the Religion of Human Nature* Richard Whately (Archbishop of Dublin.),1878      *The Hidden Human Image* Maurice S. Friedman,1974
