*Prison Religion* Winnifred Fallers Sullivan,2009-03-09 More than the citizens of most countries Americans are either religious or in jail or both But what does it mean when imprisonment and evangelization actually go hand in hand or at least appear to What do faith based prison programs mean for the constitutional separation of church and state particularly when prisoners who participate get special privileges In *Prison Religion* law and religion scholar Winnifred Fallers Sullivan takes up these and other important questions through a close examination of a 2005 lawsuit challenging the constitutionality of a faith based residential rehabilitation program in an Iowa state prison *Americans United for the Separation of Church and State v Prison Fellowship Ministries* a trial in which Sullivan served as an expert witness centered on the constitutionality of allowing religious organizations to operate programs in state run facilities Using the trial as a case study Sullivan argues that separation of church and state is no longer possible Religious authority has shifted from institutions to individuals making it difficult to define religion let alone disentangle it from the state *Prison Religion* casts new light on church state law the debate over government funded faith based programs and the predicament of prisoners who have precious little choice about what kind of rehabilitation they receive if they are offered any at all

on the government's efforts to enforce federal civil rights laws prohibiting religious discrimination in the administration and management of federal and state prisons. Prisoners in federal and state institutions retain certain religious exercise rights under the Constitution and statutes including the Religious Land Use and Institutionalized Persons Act (RLUIPIA), the Religious Freedom Restoration Act (RFRA), and the Civil Rights of Institutionalized Persons Act (CRIPA). Many states have similar provisions in their state constitutions and in state law modeled on RFRA. These rights must be balanced with the legitimate concerns of prisons officials including cost, staffing, and most importantly, prison safety and security. Reconciling these rights and concerns can be a significant challenge for penal institutions as well as courts.

Joshua Dubler, 2013-08-13. A bold and provocative interpretation of one of the most religiously vibrant places in America: a state penitentiary. Baraka Al Teddy and Sayyid, four black men from South Philadelphia, two Christian and two Muslim, are serving life sentences at Pennsylvania's maximum security Graterford Prison. All of them work in Graterford's chapel, a place that is at once a sanctuary for religious contemplation and an arena for disputing the workings of God and man. Day in, day out, everything is in its twisted way, rather ordinary. And then one of them disappears. *Down in the Chapel* tells the story of one week at Graterford Prison. We learn how the men at Graterford pass their time, care for themselves, and commune with their makers. We observe a variety of Muslims, Protestants, Catholics, and others at prayer and in study and song. And we listen in as an interloping scholar of religion tries to make sense of it all. When prisoners turn to God, they are often scorned as con artists who fake their piety or pitied as wretches who cling to faith because faith is all they have left. Joshua Dubler goes beyond these stereotypes to show the religious life of a prison in all its complexity. One part prison procedural, one part philosophical investigation, *Down in the Chapel* explores the many uses prisoners make of their religions and weighs the circumstances that make these uses possible. Gritty and visceral, meditative and searching, it is an essential study of American religion in the age of mass incarceration.

**Religion and Prison: An Overview of Contemporary Europe** Julia Martínez-Ariño, Anne-Laure Zwilling, 2020-07-08. This volume offers a European overview of the management of religious diversity in prisons and provides readers with rich empirical material and a comparative perspective. The chapters combine both legal and sociological approaches. Coverage for each country includes historical background, current penitentiary organization, and recent changes or trends. In their exploration of legal aspects, the contributors look at such factors as the status of prison chaplains and regulations concerning religious practice and religious freedom. These include meals, prayers, and visits. The sociological analysis examines religious discrimination in prison, church-prison relations, conversion, and proselytism, and more. The European coverage includes countries for which such information

is seldom available The book offers readers a better understanding of governance of religion in prisons This text appeals to students researchers and professionals in the field *Religion, the Community, and the Rehabilitation of Criminal Offenders* Thomas P. Federal Bureau of Prisons** ,1974 *Letters from Prison* Bouck White,1915 *Inmate Radicalisation and Recruitment in Prisons* Clarke Jones,Raymund Narag,2018-12-07 It is traditionally viewed that vulnerable inmates form captive audiences for violent terrorist offenders who in turn are destined to turn prisons into training grounds for militant activities all the while forming alliances with more hardened criminals to produce an even greater threat However there is limited empirical grounding to underpin these assertions Inmate Radicalisation and Recruitment in Prisons challenges existing perceptions about prison radicalisation Whilst not downplaying the seriousness of the prison radicalisation threat it seeks a more balanced interpretation of current discussion Drawing on original research in the Philippines and case studies from Australia the US Canada Indonesia the UK France the Netherlands and Belgium the authors posit an alternative view that suggests that the imprisonment of a terrorist may mark the beginning of physical disengagement and psychological de radicalisation

Offering evidence based insights to help determine how best to house terrorist offenders this volume will appeal to students and researchers interested in fields such as Criminology and Criminal Justice Terrorism Prisons and Organised Crime
