## Remnants Of War:

The Remnants of War John Mueller, 2013-02-15 War is merely an idea an institution like dueling or slavery that has been grafted onto human existence It is not a trick of fate a thunderbolt from hell a natural calamity or a desperate plot contrived dreamed up by some sadistic puppeteer on high And it seems to me that the institution is in pronounced decline abandoned as attitudes toward it have changed roughly following the pattern by which the ancient and formidable institution of slavery became discredited and then mostly obsolete from the Introduction War is one of the great themes of human history and now John Mueller believes it is clearly declining Developed nations have generally abandoned it as a way for conducting their relations with other countries and most current warfare though not all is opportunistic predation waged by packs often remarkably small ones of criminals and bullies Thus argues Mueller war has been substantially reduced to its remnants or dregs and thugs are the residual combatants Mueller is sensitive to the policy implications of this view When developed states commit disciplined troops to peacekeeping the result is usually a rapid cessation of murderous disorder The Remnants of War thus reinvigorates our sense of the moral responsibility bound up in peacekeeping In Mueller's view capable domestic policing and military forces can also be effective in reestablishing civic order and the building of competent governments is key to eliminating most of what remains of warfare

**Aftermath** Donovan Webster, 1996 In riveting and revelatory detail Aftermath documents the ways in which wars have transformed the terrain of the battlefield into landscapes of enduring terror and memory in France where millions of acres of farmland are cordoned off to all but a corps of demolition experts responsible for the undetonated bombs and mines of World War I that are now rising up in fields gardens and backyards in a sixty square mile area outside Stalingrad that was a cauldron of destruction in 1941 and is today an endless field of bones in the Nevada deserts where America waged a hidden nuclear war against itself in the 1950s the results of which are only now becoming apparent in Vietnam where a nation's effort to remove the physical detritus of war has created biologic and psychological devastation in Kuwait where terrifyingly sophisticated warfare was followed by the Sisyphean task of making an uninhabitable desert capable of sustaining life Only now at century's end can we begin to see how the destructive often lethal remnants of past wars remain deeply fatally embedded in the present

**Aftermath: The Remnants of War** Donovan Webster, 2011-06-29 In riveting and revelatory detail Aftermath documents the ways in which wars have transformed the terrain of the battlefield into landscapes of memory and enduring terror in France where millions of acres of farmland are cordoned off to all but a corps of demolition experts responsible for the undetonated bombs and mines of World War I that are now rising up in fields gardens and backyards in a sixty square mile area outside Stalingrad that was a cauldron of destruction in 1941 and is today an endless field of bones in the Nevada deserts where America waged a hidden nuclear war against itself in the 1950s the results of which are only now becoming apparent in Vietnam where a nation's effort to remove the physical detritus of war has created psychological and genetic devastation in Kuwait where

terrifyingly sophisticated warfare was followed by the Sisyphean task of making an uninhabitable desert capable of sustaining life Aftermath excavates our century s darkest history revealing that the destruction of the past remains deeply inextricably embedded in the present *Explosive Remnants of War* Stockholm International Peace Research Institute,1985

**Explosive Remnants of War** ,2001 **Explosive Remnants of War** ,2001 [Explosive Remnants of War](#) ,2001

*Routledge Handbook of the Law of Armed Conflict* Rain Liivoja,Tim McCormack,2016-04-28 The law of armed conflict is a key element of the global legal order yet it finds itself in a state of flux created by the changing nature of warfare and the influences of other branches of international law The Routledge Handbook of the Law of Armed Conflict provides a unique perspective on the field covering all the key aspects of the law as well as identifying developing and often contentious areas of interest The handbook will feature original pieces by international experts in the field including academics staff of relevant NGOs and former members of the armed forces Made up of six parts in order to offer a comprehensive overview of the field the structure of the handbook is as follows Part I Fundamentals Part II Principle of distinction Part III Means and methods of warfare Part IV Special protection regimes Part V Compliance and enforcement Part VI Some contemporary issues Throughout the book attention is paid to non international conflicts as well as international conflicts with acknowledgement of the differences The contributors also consider the relationship between the law of armed conflict and human rights law looking at how the various rules and principles of human rights law interact with specific rules and principles of international humanitarian law in particular circumstances The Routledge Handbook of the Law of Armed Conflict provides a fresh take on the contemporary laws of war and is written for advanced level students academics researchers NGOs and policy makers with an interest in the field *Explosive Remnants of War* Richard Moyes,Richard Lloyd,Rae McGrath,2002 *Remnants of War* Paul Skrebels,2009 This volume follows Writings of War as the second offered by the Narratives of War research group which brings together academics and individuals from many different fields of research and writing and is dedicated to promoting and promulgating interdisciplinary studies of war peace and reconciliation

**Definition for Explosive Remnants of War** Russian Federation,2003 *Explosive Remnants of War* International Committee of the Red Cross,2001

*Explosive Remnants of War* ,2001 **Explosive Remnants of War** ,2002 **Explosive Remnants of War**

International Committee of the Red Cross,2014 *War Injuries* Jaroslav Krasny,2025-09-26 The book examines the central reasons behind the divergent interpretations of the principle of the law of armed conflict prohibiting superfluous injury or unnecessary suffering It explores the codification process of the law of armed conflict historical landmarks pertaining to the deployment of specific weapons and case law The author contends that whereas military necessity was previously the balancing principle for interpreting the norm prohibiting unnecessary suffering this balancing factor has shifted to place a greater emphasis on health effects In addition to examining whether the principle may be interpreted in medical terms the book includes medical data to support such an argument While controversy remains regarding particular weapons and their

correlation with the unnecessary suffering principle long term health effects of individual weapons most notably nuclear weapons are being recognized through jurisprudence as particular cause of superfluous injury or unnecessary suffering Such recognition is due to their unceasing continuous detrimental effect on human health and quality of life even after the end of an armed conflict The author argues that weapons causing unending long term harmful effects on human body are in fact violating the principle prohibiting superfluous injury or unnecessary suffering by violating the temporal application of the law of armed conflict As a result the principle is increasingly interpreted by judicial bodies in medical terms as opposed to military necessity alone The book aims to clarify the changing nature of this basic principle of weapons law improve its clarity and overall comprehension of the concept as particularly unnecessary suffering and superfluous injury is often brought up during disarmament conferences and weapons treaty negotiations at international bodies

**International Legal Materials**, 2006 *Shifting Horizons of Public International Law* J.L. Kaul, Anupam Jha, 2018-01-08 This book offers a South Asian perspective on international law maintaining a suitable distance from the Western approach The themes discussed reflect the region's particular contribution to the development of international law Each South Asian country has its own important role to play in promoting regional trade regulating maritime affairs ensuring access to water debating State responsibility engaging with International Criminal Court questioning diplomatic and consular immunities and most importantly upholding human rights These issues are addressed by local contributors from Nepal Bangladesh and Sri Lanka who have come together to represent the whole South Asian region on a single academic platform
