Modells Drugs Current Use 42 E:

Modell's Drugs in Current Use and New Drugs, 2005, 51st Edition Milagros Fernandez, PharmD, Lydia Calix, BS, Pharm, RPh, 2005-01-03 Now in its fifty first year this annually updated drug reference provides succinct information on the new drugs of this year and on medications in current use It offers a concise and portable alternative to the mega drug reference volumes available elsewhere The compact format contains essential information on nearly 1 100 generic drugs with cross references to over 1 200 trade names Highlights include a glossary listing the common side effects of the drugs Special attention is given to the new drugs with expanded patient care implications for nurses and other allied health professionals

Psychopharmacology Handbook for the Non Medically Trained Sophia Dziegielewski, 2006-08-08 In today s era of managed behavioral health care mental health professionals are called upon to consult on medication treatment or recommend what medications would best serve as adjuncts to therapy Medically trained or not all mental health professionals need to know as much as possible about psychopharmacologic medications from dosage and side effects to drug drug interactions and other special considerations in order to provide effective and accountable treatment The first ever handbook of its kind Psychopharmacology Handbook for the Non Medically Trained fills a noticeable gap in most student training programs by providing a reader friendly and accessible overview of the role of drugs in mental health treatment Emphasizing the importance of making medications available to consumers in conjunction with the most effective and efficient counseling interventions Dziegielewski establishes the context for the therapeutic use of psychotropic drugs in the culture of today s mental health treatments examines the danger of the quick fix mentality into which consumers and clinicians are tempted to fall and then focuses on the medications themselves One of the most prominent and authoritative social work academics today Dziegielewski is an authority on the topic of psychopharmacology in social work practice The recipient of numerous honors and awards for her teaching the creator of a popular preparation course for social work licensure and the author of over 95 publications she is a source to which students and professionals turn for up to date accurate information on a variety of topics in the social work field Psychopharmacology Handbook for the Non Medically Trained is an invaluable resource guide for all non medically trained practitioners providing therapists social workers and other counselors with effective tools and critical information to help them become better informed about all courses of mental health treatment for their clients
