

Nations without States

- Ideal of NS became globally dominant only after WWII, fall of most of old global empires, and creation of UN
- Full dominance of NS came w/fall of last empire, the USSR
- World is mosaic of nations, few of which politically control states (i.e. a coherent territory). Many are “non-state actors” embedded (relatively) peacefully within nation-states. N. American examples are PQ, Indian groups with tribal territories, Mormons, Hispanics in US SW, Nation of Islam etc.
- Some non-state actors turn to violence to achieve political control of territory & establish a state (e.g. IRA, Chechens, Kurds etc. etc.)
