Through our dogs we figure out what we're thinking and who we are representing by proxy the things that we don't quite want to recognize in ourselves. Often it's a specific breed or type of dog that serves as an informal cultural mascot embodying an era's needs, fears, desires, longings, aspirations, repressions, and hopeless contradictions. Combining cultural studies with personal narrative, this book creates a playful, speculative reading of American culture through its canine self-representations. Looking at seven different breeds or types over the last seven decades, readers will go on an intellectual dog walk through some of the mazes of American cultural mythology.

The Underdog Julia Szabo, 2005-01-01. Presents advice on the mixed breed mutt, providing information on how mutts differ from their purebred relatives, tips on how to select the right dog, and advice on a wide variety of products and services.

Cesar's Way Cesar Millan, Melissa Jo Peltier, 2006-08-08. Cesar Millan, nationally recognized dog expert, helps you see the world through the eyes of your dog so you can finally eliminate problem behaviors. From his appearances on *The Oprah Winfrey Show* to his roster of celebrity clients to his reality television series, Cesar Millan is America's most sought-after dog behavior expert. But Cesar is not a trainer in the traditional sense; his expertise lies in his unique ability to comprehend dog psychology. Tracing his own amazing journey from a clay-walled farm in Mexico to the celebrity palaces of Los Angeles, Cesar recounts how he learned what makes dogs tick. In *Cesar's Way*, he shares this wisdom, laying the groundwork for you to have stronger, more satisfying relationships with your canine companions. Cesar's formula for a contented and balanced dog seems impossibly simple: exercise, discipline, and affection, in that order. Taking readers through the basics of dog psychology and behavior, Cesar shares the inside details of some of his most fascinating cases, using them to illustrate how common behavior issues develop and, more importantly, how they can be corrected. You'll learn what your dog really needs, may not be what you're giving him. Why a dog's natural pack instincts are the key to your happy relationship. How to relate to your dog on a canine level. There are no problem breeds, just problem owners. How to choose a dog who's right for you and your family. The difference between discipline and punishment. And much more. Filled with fascinating anecdotes about Cesar's longtime clients and including forewords by the president of the International Association of Canine Professionals and Jada Pinkett Smith, this is the only book you'll need to forge a stronger, more rewarding connection with your four-legged companion.
