Zimmerman,1993-03-01 This book represents a new approach to microcomputer applications education by combining a
carefully developed text with fully functional software It is designed for any first course on how word processing
spreadsheets and database management are used in business This textbook presents a unique approach to teaching how to
use DOS WordPerfect Lotus 1 2 3 and dBASE III PLUS Students learn to analyze the business problem and design their
solution whether it be a memo or letter a worksheet or graphic a query or a report Then they solve the problem by following
a step by step methodology frequently referring back to their original plan From this process students learn that word
processing spreadsheets and database management are valuable tools to help make informed business decisions Pref
