Op Oloop:

Twentieth-Century Spanish American Fiction Naomi Lindstrom, 2013-12-06 Spanish American fiction became a world phenomenon in the twentieth century through multilanguage translations of such novels as Gabriel Garcia Marquez's *One Hundred Years of Solitude* Manuel Puig's *Kiss of the Spider Woman* Octavio Paz's *Labyrinth of Solitude* and Isabel Allende's *House of the Spirits* Yet these blockbusters are only a tiny fraction of the total rich outpouring of Spanish language literature from Latin America In this book Naomi Lindstrom offers English language readers a comprehensive survey of the century's literary production in Latin America excluding Brazil Discussing movements and trends she places the famous masterworks in historical perspective and highlights authors and works that deserve a wider readership Her study begins with Rodolfo's famous essay *Ariel* and ends with Rigoberta Menchú's 1992 achievement of the Nobel Prize Her selection of works is designed to draw attention whenever possible to works that are available in good English translations A special feature of the book is its treatment of the postboom period In this important concluding section Lindstrom discusses documentary narratives the new interrelations between popular culture and literary writing and underrepresented groups such as youth cultures slum dwellers gays and lesbians and ethnic enclaves Written in accessible nonspecialized language *Twentieth Century Spanish American Fiction* will be equally useful for general readers as a broad overview of this vibrant literature and for scholars as a reliable reference work

The Spanish American Novel John S. Brushwood, 2014-07-03 In *The Spanish American Novel* John S. Brushwood analyzes the twentieth century Spanish American novel as an artistic expression of social reality In relating the generic history of the novel to extraliterary events in Spanish America he shows how twentieth century fiction sets forth the essence of such phenomena as the first Perón regime the Mexican Revolution the Che Guevara legend indigenismo and the strongman political type In essence he views the novel as art rather than as document but not as art alienated from society The discussion is organized chronologically opening with the turn of the century and focusing on novels from 1900 to 1915 that exemplify various aspects of the nineteenth century literary inheritance Brushwood then highlights the avant garde fiction influenced by Proust and Joyce of the 1920s as a precursory movement to the new Latin American novel a phenomenon that came into its own during the 1940s He then examines the boom in Spanish American fiction the period of extensive international recognition of certain works which he dates from 1962 or 1963 In each era considered the development of the novel is placed in dual perspective One view that of particularly significant novels in light of others published during the same year is a cross section of the genre at one particular moment The second view that of a panorama of novels published in intervals between significant moments in the history of the novel is more general and selective in the number of books discussed Combining the historical with the analytical approach the author proposes that the experience of a novel in which reality has been transformed into art is essential to our understanding of that reality

Op Oloop Juan Filloy, 2006-06-02 Buenos Aires a los treinta El estado gráfico finis Op Oloop lleva una vida metódica y

disciplinada entre restaurantes muy caros ba os turcos y un c rculo de estrafalarios amigos Pero un 22 de abril todo cambia un m nimo retraso en su jornada hace que a despecho de su mani tica puntualidad llegue unos minutos tarde a la fiesta de su compromiso Esto desencadena una turbulenta carrera contra el tiempo y el destino La novela describe de forma meticulosa el transcurso de este d a en el que el protagonista vive una serie de hilarantes y disparatadas situaciones hasta llegar al banquete de despedida de soltero donde se celebra la visita n mero 1000 de Op Oloop a los burdeles

The Columbia Guide to the Latin American Novel Since 1945 Raymond L. Williams, 2007 In this expertly crafted richly detailed guide Raymond Leslie Williams explores the cultural political and historical events that have shaped the Latin American and Caribbean novel since the end of World War II In addition to works originally composed in English Williams covers novels written in Spanish Portuguese French Dutch and Haitian Creole and traces the profound influence of modernization revolution and democratization on the writing of this era Beginning in 1945 Williams introduces major trends by region including the Caribbean and U S Latino novel the Mexican and Central American novel the Andean novel the Southern Cone novel and the novel of Brazil He discusses the rise of the modernist novel in the 1940s led by Jorge Luis Borges s reaffirmation of the right of invention and covers the advent of the postmodern generation of the 1990s in Brazil the Generation of the Crack in Mexico and the McOndo generation in other parts of Latin America An alphabetical guide offers biographies of authors coverage of major topics and brief introductions to individual novels It also addresses such areas as women s writing Afro Latin American writing and magic realism The guide s final section includes an annotated bibliography of introductory studies on the Latin American and Caribbean novel national literary traditions and the work of individual authors From early attempts to synthesize postcolonial concerns with modernist aesthetics to the current focus on urban violence and globalization The Columbia Guide to the Latin American Novel Since 1945 presents a comprehensive accessible portrait of a thoroughly diverse and complex branch of world literature

Arteletra Jason A. Bartles, 2021-04-15 Arteletra analyzes the Sixties in Latin America in order to revisit the core claim of literary and cultural studies to political relevancy in the contemporary world the task of making visible the invisible Though visibility can secure rights for the disenfranchised it also risks subjecting them to the biopolitical and capitalist arrangements of space What is at stake in this book is a series of aesthetic and ethical tools for engaging in politics defined here as the potential to disagree without first passing through visibility These tools cohere around a practice Bartles calls the politics of going unnoticed which he derives from an archive of three noteworthy though under appreciated authors who wrote during the Sixties Calvert Casey 1924 69 Juan Filloy 1894 2000 and Armon a Somers 1914 94 For the first time ever Casey Filloy and Somers are put in dialogue with one another to further demonstrate the unique contributions of Latin American writers to contemporary debates about the crossroads of literatures and politics What unites them is their shared investment in stories about those who go unnoticed As a practice going unnoticed creates space and opportunities for queer rural and female subjects among others to step back from unjust

institutions As a political discourse going unnoticed deactivates the binary structures of biopolitics e g visible invisible pure filthy friend enemy that divide humans from one another in the service of power and economic inequality Though the politics of going unnoticed was ignored during the Sixties for its apparent individualism these three writers work through alternatives to the politics of visibility that has animated political discourse on the left for the last half century More than a self interested critique going unnoticed opens new possibilities for engaging in the messy business of politics while imagining and creating better communities

Representing Argentinian Mothers Yolanda Eraso,2013-10-10 Motherhood holds a special place in Argentinian culture Representing Argentinian Mothers examines the historical intersections of medicine and culture that have underpinned the representations of motherhood during the first half of the twentieth century From the emergence of a medicalised maternal figure at the beginning of the century to the appearance of a new politicised mother figure by the time of Eva Per n the contentious representations of motherhood constitute a privileged viewpoint to explore the tensions and conflicts underlying the country s modernisation process At the core of the analysis is an evaluation of the way in which medical representations of motherhood have been implicated confirmed or contested in other significant areas of the social and cultural fields Through detailed examination of a rich selection of sources including medical texts newspapers novels photojournalism and paintings Representing Argentinian Mothers adopts an interdisciplinary approach and an innovative framework based on categories and notions drawn from the History of Ideas and Cultural History By enquiring about the influence of medicine in the field of ideas beliefs and images Yolanda Eraso elaborates new insights to understand their interaction which will appeal to anyone with an interest in the Medical Humanities Yolanda Eraso is Associate Lecturer Faculty of Health and Life Sciences Oxford Brookes University She has published on various aspects of the social history of medicine and on contemporary issues in health policy
