Christianity and Comics Blair Davis,2024-03-15 The Bible has inspired Western art and literature for centuries so it is no surprise that Christian iconography characters and stories have also appeared in many comic books Yet the sheer stylistic range of these comics is stunning They include books from Christian publishers as well as underground comix with religious themes and a vast array of DC Marvel and Dark Horse titles from Hellboy to Preacher Christianity and Comics presents an 80 year history of the various ways that the comics industry has drawn from biblical source material It explores how some publishers specifically targeted Christian audiences with titles like Catholic Comics books featuring heroic versions of Oral Roberts and Billy Graham and special religious themed editions of Archie But it also considers how popular mainstream comics like Daredevil The Sandman Ghost Rider and Batman are infused with Christian themes and imagery Comics scholar Blair Davis pays special attention to how the medium s unique use of panels word balloons captions and serialized storytelling have provided vehicles for telling familiar biblical tales in new ways Spanning the Golden Age of comics to the present day this book charts how comics have both reflected and influenced Americans changing attitudes towards religion

Operation Autonomous Ivor Porter,2012-09-28 Ivor Porter first came to Romania in 1939 as a teacher of English to the exotic semi oriental Bucharest described by Olivia Manning After the war had broken out and Romania had been absorbed into the Axis sphere of influence he together with his fellow expatriates was forced to leave a colourful turbulent country to which he had become increasingly attached but he was to return in 1943 as a member of SOE parachuted in to play his part

in the plot to overthrow the pro Nazi regime of Marshal Antonescu and install a government more sympathetic to the Allied cause Operation Anonymus and the successful coup that followed in 1944 may well have hastened the end of the war by several months by helping the Red Army to sweep through the Carpathians into Central Europe and south to the frontiers of Greece yet for the Romanians themselves Russia rather than Germany was the ancient enemy Mixing the author s own experiences with detailed diplomatic and military history Operation Autonomous opens up an important and neglected aspect of the war and one that was to have momentous implications for the settlement of post war Europe *Progressive Medicine* Hobart Amory Hare,1915 A quarterly digest of advances discoveries and improvements in the medical and surgical sciences **The Lancet** ,1911 **Current History** ,1917 *The New York Times Current History* ,1917 **Foreign Railways of the World** ,1884 **Medical record** ,1897 *CEPES, Twenty Years of Service* Leland Conley Barrows,1992 **Parliamentary Papers** Great Britain.
