Operations In North African Waters Volume 2

Brian Lavery

Operations In North African Waters Volume 2:

Operations in North African Waters, October 1942 - June 1943, 1947 Two Navies Divided Brian

Lavery, 2023-11-30 The title is derived from George Bernard Shaw's comment that England and America are two countries divided by a common language. It is not intended to imply that the two navies were seriously at odds with one another but rather to suggest, as in the case of language, that common roots and usages varied significantly. And the Second World War is a pertinent moment for comparison. They fought on the same side against a common enemy for nearly four years, but Britain fought the war for the survival of itself and its empire, though in the long term it failed, while the American government fought to maintain its influence through the balance of power; its people fought for revenge for Pearl Harbor and out of a sense of justice. In this new book, Brian Lavery describes and analyzes the differences and similarities between the two navies and, in doing so, sheds fascinating light on how the naval war was fought. For example, both navies had spectacular failures after entering the war: the Royal Navy off Norway, the USN at Pearl Harbor and Savo Island. Paradoxically, both commenced the war with quite amateur performances by professional navies and ended with highly skilled performances by largely amateur-manned forces. The training systems for regular officers had flaws in both countries. In Britain, entry was largely dependent on family income; in America, on political influence. But American officers probably had a broader perspective by the time they entered active service. The book covers ships and weapons systems; for instance, the British used too many gun types in the 4 to 6in range while the Americans concentrated on the well-designed 5in. And the author describes conditions onboard ships: British vessels were awash with alcohol, which had its attractions for Americans when alongside the Americans offered ice cream in return. These examples represent only a tiny proportion of the subjects covered in this stimulating analysis: Aviation, the marines of both navies, anti-submarine and mine warfare, uniforms, propulsion systems, shipbuilding and building programs, commanders and national leaders, ratings and officers, ship design, geographical environments, naval bases, hammocks and bunks, the deployment of women—these are among the myriad big and small themes that will open the eyes of naval historians and enthusiasts and show anyone with an interest in the Second World War how these two great allies came together to defeat the Axis forces.

History of United States Naval Operations in World War II [vol. 2]. Samuel Eliot Morison, 1947 **Strangling the Axis** Richard Hammond, 2020-06-25 This is a major

reassessment of the causes of Allied victory in the Second World War in the Mediterranean region. Drawing on a unique range of multinational source material, Richard Hammond demonstrates how the Allies' ability to gain control of the key routes across the sea and sink large quantities of enemy shipping denied the Axis forces in North Africa crucial supplies and proved vital to securing ultimate victory there. Furthermore, the sheer scale of attrition to Axis shipping outstripped their industrial capacity to compensate, leading to the collapse of the Axis position across key territories maintained by seaborne supply, such as Sardinia, Corsica, and the Aegean islands. As such, Hammond demonstrates how the anti-shipping campaign in

the Mediterranean was the fulcrum about which strategy in the theatre pivoted and the vital enabling factor ultimately leading to Allied victory in the region

Patton's War Kevin M. Hymel, 2021-11-01 George S Patton Jr lived an exciting life in war and peace but he is best remembered for his World War II battlefield exploits Patton's War An American General's Combat Leadership November 1942 July 1944 the first of three volumes follows the general from the beaches of Morocco to the fields of France right before the birth of Third Army on the continent In highly engaging fashion Kevin Hymel uncovers new facts and challenges long held beliefs about the mercurial Patton not only examining his relationships with his superiors and fellow generals and colonels but also with the soldiers of all ranks whom he led Using new sources unavailable to previous historians and through extensive research of soldiers memoirs and interviews Hymel adds a new dimension to the telling of Patton's WWII story

Joint Force Quarterly, 1993

Tracking the Axis Enemy Alan Harris Bath, 1998 Former US naval intelligence officer Bath describes how his own area before he was in it was as responsible as Allied warships in the successful 1942-43 campaign against German U boats known as the Battle of the Atlantic He describes the cooperation at all levels in all theaters of war and at all points in the cycle from gathering through analysis to dissemination He also considers the naval intelligence in the South Pacific throughout highlighting the contributions of Britain and other Commonwealth states Annotation copyrighted by Book News Inc Portland OR

Reader's Guide to Military History Charles Messenger, 2013-10-31 This book contains some 600 entries on a range of topics from ancient Chinese warfare to late 20th century intervention operations Designed for a wide variety of users it encompasses general reviews of aspects of military organization and science as well as specific wars and conflicts The book examines naval and air warfare as well as significant individuals including commanders theorists and war leaders Each entry includes a listing of additional publications on the topic accompanied by an article discussing these publications with reference to their particular emphases strengths and limitations

Struggle for the Middle Sea Vincent O'Hara, 2013-07-10 The Mediterranean is the maritime crossroads where Europe Asia and Africa meet More major naval actions were fought there than in the Atlantic or Pacific yet remarkably little has been written about the subject This fresh study of the Mediterranean's naval war analyzes the actions and performances of the five major navies British Italian French German and American during the entire five year campaign and examines the national imperatives that drove each nation's maritime strategy Struggle for the Middle Sea provides a history of the entire campaign from all perspectives and covers Germany's largely unknown and remarkably successful struggle to employ sea power in the Mediterranean after the Italian armistice Defense Foreign Affairs Strategic Policy August 2009 has called it a new and stunningly important view of World War II and a fabulously readable and important book

The Writing of Official Military History Robin Higham, 1999-09-30 This book provides students faculty and general readers with specific information and insights into the ways in which official military history has been written and why Coverage is international in scope The volume serves as an introduction to two forthcoming books Official Military Histories Since 1967 Europe Africa the Middle

East and India and Official Military Histories Since 1967 The Western Hemisphere and the Pacific Rim Together the three books will provide the only comprehensive source of information on historical offices and official histories since Robin Higham's classic book Official Histories was published in 1970 Together the three books will provide the only comprehensive source of information on historical offices and official histories since Robin Higham's classic book Official Histories was published in 1970

Bookman's Manual Bessie Graham, Hester R. Hoffman, 1958

Operations in North African waters, October 1942-June 1943 Samuel Eliot Morison, 1954

Salvage Man John Doughty Alden, 1998 Few American naval officers have been as unconventional as Edward Ellsberg and still managed to rise to the rank of rear admiral This probing biography shows Ellsberg time and again confronting the Navy's conservatism service politics and professional jealousies to literally salvage the unsalvageable Taking full advantage of Ellsberg's extensive collection of papers and archives on both sides of the Atlantic this insightful study is the first to focus on the determined admiral

Scouts and Raiders John B. Dwyer, 1993-03-17 The history of the Scouts Raiders of World War II is the story of the original ancestors of today's elite SEAL teams As the Navy's first special warfare commandos these highly trained and skilled officer enlisted boat crews conducted pre assault recons of landing beaches hydrographic recons marked assault beaches and guided in assault waves from 36 foot Scout boats rubber boats and kayaks at North Africa Sicily Salerno Anzio Southern France and Normandy earning numerous decorations for heroism including 8 Navy Crosses In the Mediterranean S Rs trained elite units such as Rangers and the 1st Special Service Force and were assigned to Special Operations Task Group 80 4 and the Adriatic Special Operations Group working with Allied units supporting Tito's partisans In the Pacific S Rs served as Scout Intelligence Officers Amphibious Scouts Beachmasters and with Underwater Demolition Teams with 5th and 7th Amphibious Forces from Kwajalein to Okinawa and in the Philippines campaign They served in Admiral Milton Miles U S Naval Group China training Nationalist Chinese guerrillas participating in raids and ambushes and conducting behind the lines overland recons disguised as coolies to escape detection by Japanese forces Highly trained skilled and brave the Scouts Raiders were the Navy's first special warfare commandos This book will be useful for anyone interested in military naval history amphibious operations and special warfare It tells for the first time the story of the Scouts Raiders a unique World War II unit

To Die Gallantly Timothy J Runyan, Jan M Copes, 1994-06-13 The Battle of the Atlantic was the single most important campaign of the war Allied success in Europe depended on massive movements of ships men and materiel across the Atlantic from the Americas In spite of an unprecedented Allied shipbuilding effort German U boats were causing severe damage to this vital supply line In order to defeat Nazi Germany the Allies had to eliminate the deadly U boat threat In this volume commemorating the fiftieth anniversary of the campaign historians from both sides of the ocean offer new insights into Germany's Atlantic offensive and the Allied victory over it

Sandy Patch William K. Wyant, 1991-08-30 This is the first biography of one of the most important and yet least known American leaders of World War II Sandy Patch the Seventh Army commander who led his

troops to victory at Guadalcanal and made a vital contribution to Allied successes in Europe in 1944 45 **The Chief of Staff** Daniel K. R. Crosswell, 1991-08-16 The functions of staff officers in U S military history have been largely ignored by historians who have preferred to focus on the role of the combat officer This examination of the career of General Walter Bedell Smith Chief of Staff to General Dwight D Eisenhower and his valuable contribution to Allied success represents an effort to fill a void in the current historiography of U S participation in Europe in World War II While specifically looking at Smith s military career from his entry into the Indiana National Guard on his sixteenth birthday to his retirement from the U S Army as a four star general 39 years later the volume is also a general investigation of the role of Chief of Staff and a critical study of the interwar U S Army and its participation in the campaigns of the Mediterranean and Northwest Europe during World War II The institutional and attitudinal structure that produced the generation of American officers that commanded armies and manned higher headquarters is thoroughly evaluated in this volume D K R Crosswell concludes that the normative influences of the Army s advance schools conditioned the U S approach to war in Europe Eisenhower and Smith s broad front strategy is seen as a product of their Leavenworth educations Smith s relationships with Eisenhower and George C Marshall are also seen as important formative influences Despite a paucity of personal papers and no prior book on Smith Crosswell had access to a wealth of primary materials in the Eisenhower Library in Abilene Kansas and the resources of the Combat Studies Library at the Command and General Staff College in Leavenworth Kansas Substantial collections of materials at the federal research facilities in Washington the U S Army Military History Institute holdings in Carlisle Barracks Pa and the George C Marshall Library in Lexington Va were consulted Personal interviews with surviving World War II officers and an examination of British sources were conducted to give the most complete picture of Smith to date The Chief of Staff is divided into four major sections Bedell Smith and Officership in the U S Army 1917 1939 The Towering Figure George C Marshall The First Campaign The Mediterranean Northwest Europe and an epilogue which covers Smith s post Army years The 14 chapters present Smith as perhaps the best example of the World War II military manager He emerges from these pages as a central figure of the period and his contributions within the Allied sphere proved fundamental to eventual battlefield success Seven maps of World War II major theaters of operation from Morocco to Normandy and never before published archival photographs are included Military history and World War II buffs won t want to miss this splendid read which will also appeal to academic military historians libraries and research facilities as well as current and retired military officers The book is ideal supplemental reading for courses in U S military history **United States Naval Institute Proceedings** ,2002 *Naval History* ,2020 **The National Union Catalog, Pre-1956 Imprints** ,1968
