**Original Intent** Lawrence Matsaneng, 2017-01-09 In the times we are living in now purpose is a crisis A lot of people do not know why they were born Most do not even care why they were born and therefore living their lives however Life has become meaningless for many of us because we do not know what our purpose is in life Purpose is everything and we need to pursue it with everything we have We were definitely not created to live work have children and then die Our purpose is far more significant than this The bible says that for without vision the people perish We are perishing because we do not have purpose in life Now we have more young people dying than our elderly It is because of lack of knowledge of God's intention for us Do you know the reason God created you Are you fulfilling God's designed purpose and will for your life Are you walking the path God planned for you If there is a NO from you to one of these questions or even a slight hesitation in your answer then this book is for you It does not matter whether you believe in God heaven eternal life or not you need to read this book The crux of this book derives from my own personal encounter experience knowledge and somewhat revelation about the plan of God for His creation

*God at Play* Daniel Soars, 2025-07-01 The first comparative treatment of the topic of *l l* in Hindu and Christian traditions this volume explores what it means to consider divine and human action under the categories of play wit drama grace and compassion *God at Play* presents a theological exploration of the multifaceted motif of *l l* across diverse Hindu and Christian landscapes and its wide ranging connections to divine and human creativity Given its ubiquity in Hindu theologies and life forms *l l* offers a rich comparative framework for exploring certain ways of understanding divine and human action as expressed in Hindu and Christian sacred texts philosophical theology and ritual practices Though *l l* is often interpreted simply as play the essays in this volume reflect a far richer semantic and conceptual field ranging from spontaneity and gratuitousness through joy and humor to mercy and compassion By focusing on the different contexts in which *l l* is found in Hindu traditions and resisting any uniform translation of the term the contributors to this volume avoid the risk of using predominantly western or Christian categories to understand the Hindu other The volume thus explores how *l l* functions in a variety of distinctive philosophical theological and devotional ways across Hindu traditions and listens for echoes in Christian understandings of the gratuitousness of the created order in relation to God *God at Play* is a genuine experiment in deep learning across traditions Each chapter reflects on what is learned by taking *l l* as the category of comparison and invites the reader to think about what these conversations add confirm or change in relation to earlier twentieth century scholarship on play not least in terms of what difference it might make to understand human life as an imitation and a participation in the divine life of a playful deity
