*In Search of an American Catholicism* Jay P. Dolan, 2003 For more than two hundred years American Catholics have struggled to reconcile their national and religious values In this incisive and accessible account distinguished Catholic historian Jay P Dolan explores the way American Catholicism has taken its distinctive shape and follows how Catholics have met the challenges they have faced as New World followers of an Old World religion Dolan argues that the ideals of democracy and American culture in general have deeply shaped Catholicism in the United States as far back as 1789 when the nation s first bishop was elected by the clergy and the pope accepted their choice Dolan looks at the tension between democratic values and Catholic doctrine from the conservative reaction after the fall of Napoleon to the impact of the Second Vatican Council Furthermore he explores grassroots devotional life the struggle against nativism the impact and collision of different immigrant groups and the disputed issue of gender Today Dolan writes the tensions remain as we see signs of a resurgent traditionalism in the church in response to the liberalizing trend launched by John XXIII and also a resistance to the conservatism of John Paul II In this lucid account the unfinished story of Catholicism in America emerges clearly and compellingly illuminating the inner life of the church and of the nation In this lucid account the unfinished story of Catholicism in America emerges clearly and compellingly illuminating the inner life of the church and of the nation

Crossnoe, Daniel J. Handschy, Donna R. Hawk-Reinhard, 2022-03-02 A Eucharist shaped Church Prayer Theology Mission is a historical theological survey of major movements and thinkers that have shaped sacramental theology and liturgical worship within the Anglican Episcopal tradition The contributors attend closely to the interplay between Christian thinking praying and living in order to distil lessons for liturgical revision and worship renewal Each chapter explores a major thinker or movement and explores how the theological liturgical ecclesiological and missiological commitments of the thinker or movement interacted and shaped the thinker s or movement s overall thought This serves a two fold purpose 1 Much scholarship about Anglican eucharistic theology treats some aspect of that theology in isolation presence sacrifice etc from other aspects and from the context in which the theology was developed This approach shows how these various aspects and contexts in fact have mutual explanatory power 2 The interaction of these various aspects of eucharistic theology provide a framework for those involved

in liturgical revision to think through the commitments communicated by the proposed revisions
