## **Recent Middle English Scholarship Crit:**

Recent Middle English Scholarship and Criticism: Survey and Desiderata Jonathan Burke Severs, 1971 **Middle English Literature** Charles W. Dunn, Edward T. Byrnes, 2013-11-26 For the first time available in paperback this classic anthology provides readers with important literary works composed during the Middle English period 1100 1500 in England Scotland and Ireland The editors provide glosses for all unfamiliar words and obscure phrases and every selection refers to at least one definitive edition where details of recent scholarship can be found Modern punctuation and capitalization are used throughout and variant spellings are kept to a minimum to avoid unnecessary confusion The introduction discusses important literary and linguistic questions the headnotes and bibliography offer extensive guidance to secondary sources and the appendixes clarify pronunciation verb use and dialect variations *Middle English* Laurel Brinton, Alexander Bergs, 2017-09-25 The volume provides a wide ranging account of Middle English organized by linguistic level Not only are the traditional areas of linguistic study explored in state of the art chapters but the volume also covers less traditional areas of study including creolization sociolinguistics literary language including the language of Chaucer pragmatics and discourse dialectology standardization language contact and multilingualism **The Performance of Middle English Culture** James J. Paxson, Lawrence M. Clopper, Sylvia Tomasch, 1998 First detailed examination of theatricality in Chaucer and in Middle English literature and culture as a whole Theatricality as a cultural process is vitally important in the middle ages it encompasses not only the thematic importation of dramatic images into the Canterbury Tales but also the social and ideological performativities of the mystery and morality plays metadramatic investments and the ludic energies of Chaucerian discourses in general The twelve essays collected here address for the first time this intersection using contemporary theory and historical scholarship to treat a number of important critical problems including the anthropology of theatrical performance gender allegory Chaucerian metapoetics intertextual play and jouissance social mediation and rhetoric genre and the institutionality of medieval studies JAMES J PAXSON is Associate Professor of English at the University of Florida LAWRENCE M CLOPPER is Professor of English at Indiana University SYLVIA TOMASCH is Associate Professor of English at Hunter College City University of New York Contributors KATHLEEN ASHLEY MARLENE CLARK RICHARD DANIELS ALFRED DAVID RICHARD K EMMERSON JOHN GANIM WARREN GINSBERG ROBERT W HANNING SHARON KRAUS SETH LERER WILLIAM MCLELLAN PAMELA SHEINGORN PETER W TRAVIS *A Reference Guide for English Studies* Michael J. Marcuse, 1990-01-01 This ambitious undertaking is designed to acquaint students teachers and researchers with reference sources in any branch of English studies which Marcuse defines as all those subjects and lines of critical and scholarly inquiry presently pursued by members of university departments of English language and literature Within each of 24 major sections Marcuse lists and annotates bibliographies guides reviews of research encyclopedias dictionaries journals and reference histories The annotations and various indexes are models of clarity and usefulness and

cross references are liberally supplied where appropriate Although cost conscious librarians will probably consider the several other excellent literary bibliographies in print such as James L Harner s Literary Research Guide Modern Language Assn of America 1989 larger academic libraries will want Marcuse s volume Jack Bales Mary Washington Coll Lib Fredericksburg Va Library Journal [What Kind of a Thing Is a Middle English Lyric?](#) Cristina Maria Cervone,Nicholas Watson,2022-08-30 What Kind of a Thing Is a Middle English Lyric considers issues pertaining to a corpus of several hundred short poems written in Middle English between the twelfth and early fifteenth centuries The chapters draw on perspectives from varied disciplines including literary criticism musicology art history and cognitive science Since the early 1900s the poems have been categorized as lyrics the term now used for most kinds of short poetry yet neither the difficulties nor the promise of this treatment have received enough attention In one way the book argues considering these poems to be lyrics obscures much of what is interesting about them Since the nineteenth century lyrics have been thought of as subjective and best read without reference to cultural context yet nonetheless they are taken to form a distinct literary tradition Since Middle English short poems are often communal and usually spoken sung and or danced this lyric template is not a good fit In another way however the very differences between these poems and the later ones on which current debates about the lyric still focus suggest they have much to offer those debates and vice versa As its title suggests this book thus goes back to the basics asking fundamental questions about what these poems are how they function formally and culturally how they are and are not related to other bodies of short poetry and how they might illuminate and be illuminated by contemporary lyric scholarship Eleven chapters by medievalists and two responses by modernists all in careful conversation with one another reflect on these questions and suggest very different answers The editors introduction synthesizes these answers by suggesting that these poems can most usefully be read as a kind of play in several senses of that word The book ends with eight new Middle English lyrics by seven contemporary poets
