Economics of Shipping Practice and Management Alan E. Branch, 2013-11-11 BY Sir Frederic Bolton M C Chairman of F Bolton Group Ltd Director of Sealink Ltd and a past President of the General Council of British Shipping The shipping industry has always lacked a body which can confer professional status on would be practitioners in that sense unlike those closely allied to his responsibilities the marine engineer the shipowner or manager is obliged to remain an unqualified amateur The latest addition to Mr Branch's list of titles goes a long way towards correcting this position a proper study of the material in his book would clearly go far to confer the status of complete ship operator upon anyone who was examined on its contents Knowledge as comprehensive as that acquired through Mr Branch's book must provide a sound base on which to build the experience of practice
