**The Shocking Miss Pilgrim** Frederica Sagor Maas, 2010-09-12 Freddie Maas's revealing memoir offers a unique perspective on the film industry and Hollywood culture in their early days and illuminates the plight of Hollywood writers working within the studio system. An ambitious twenty-three-year-old Maas moved to Hollywood and launched her own writing career by drafting a screenplay of the bestselling novel *The Plastic Age* for It Girl Clara Bow. On the basis of that script, she landed a staff position at powerhouse MGM studios. In the years to come, she worked with and befriended numerous actors and directors including Norma Shearer, Joan Crawford, and Eric von Stroheim, as well as such writers and producers as Thomas Mann and Louis B. Mayer. As a professional screenwriter, Frederica quickly learned that scripts and story ideas were frequently rewritten and that screen credit was regularly given to the wrong person. Studio executives wanted well-worn plots, but it was the writer's job to develop the innovative situations and scintillating dialogue that would bring to picture to life. For over twenty years, Freddie and her friends struggled to survive in this incredibly competitive environment. Through it all, Freddie remained a passionate, outspoken woman in an industry run by powerful men, and her provocative, nonconformist ways brought her success, failure, wisdom, and a wealth of stories, opinions, and insight into a fascinating period in screen history.

**The Iron Whim** Darren Sean Wershler-Henry, 2007 *The Iron Whim* is an intelligent, irreverent, and humorous history of writing culture and technology. It covers the early history and evolution of the typewriter, as well as the various attempts over the years to change the keyboard configuration, but it is primarily about the role played by this marvel in the writer's life. Darren Wershler-Henry populates his book with figures as disparate as Bram Stoker, Mark Twain, Franz Kafka, Norman Mailer, Alger Hiss, William Burroughs, J. G. Ballard, Jack Kerouac, Hunter S. Thompson, Northrop Frye, David Cronenberg, and David Letterman. The soundtrack ranges from the industrial clatter of a newsroom full of Underwoods to the more muted tapping and hum of the Selectric. Wershler-Henry casts a bemused eye on the odd history of early writing machines, important and unusual typewritten texts, the creation of *On the Road*, and the exploits of a typewriting cockroach named Archy, numerous monkeys, poets, and even a couple of vampires. He gathers into his narrative typewriter-related rumors and anecdotes. Henry James became so accustomed to dictating his novels to a typist that he required the sound of a randomly operated typewriter even to begin to compose. And by broadening his focus to look at typewriting as a social system, as well as the typewriter as a technological form, he examines the fascinating way that the tool has actually shaped the creative process. With engaging subject matter that ranges over two hundred years of literature and culture in English, *The Iron Whim* builds on recent interest in books about familiar objects and taps into our nostalgia for a method of communication and composition that has all but vanished. *Catalogue of (printed) music. **The Golden Age Musicals of Darryl F. Zanuck** Bernard F. Dick, 2022-03-30 Beginning with *The Jazz Singer* (1927) and *42nd Street* (1933), legendary Hollywood film producer Darryl F. Zanuck (1902-1979)

**Selling Women's History** Emily Westkaemper, 2017-01-09 Only in recent decades has the American academic profession taken women s history seriously But the very concept of women s history has a much longer past one that s intimately entwined with the development of American advertising and consumer culture *Selling Women s History* reveals how from the 1900s to the 1970s popular culture helped teach Americans about the accomplishments of their foremothers promoting an awareness of women s wide ranging capabilities On one hand Emily Westkaemper examines how this was a marketing ploy as Madison Avenue co opted women s history to sell everything from Betsy Ross Red lipstick to Virginia Slims cigarettes But she also

shows how pioneering adwomen and female historians used consumer culture to publicize histories that were ignored elsewhere Their feminist work challenged sexist assumptions about women s subordinate roles Assessing a dazzling array of media including soap operas advertisements films magazines calendars and greeting cards *Selling Women s History* offers a new perspective on how early and mid twentieth century women saw themselves Rather than presuming a drought of female agency between the first and second waves of American feminism it reveals the subtle messages about women s empowerment that flooded the marketplace **The Sheet Music of George Gershwin** Thomas Inglis,Janice Grower,2007
