50 Year Adventure Rick Evans, 2009-12 It may not be obvious why someone like myself would write my memoir I am not a famous person I am not a professional athlete I am not a politician I am not even known in my local area of North Carolina I do not fit into any of these typical categories of autobiographical writers However as in most people I have a story to tell that is unique from many and common to some We all have stories that people can relate to and sympathize with if only we just tell them I find a great relief when I learn that others have survived similar struggles that I am going through I am living proof that it is possible to live through many things and come out the other side a better person
