Second Heaven:

The Early History of Heaven J. Edward Wright Associate Professor of Hebrew Bible and Early Judaism University of Arizona, 1999-12-13 When we think of heaven we generally conjure up positive blissful images Heaven is after all where God is and where good people go after death to receive their reward But how and why did Western cultures come to imagine the heavenly realm in such terms Why is heaven usually thought to be up there far beyond the visible sky And what is the source of the idea that the post mortem abode of the righteous is in this heavenly realm with God Seeking to discover the roots of these familiar notions this volume traces the backgrounds origin and development of early Jewish and Christian speculation about the heavenly realm where it is what it looks like and who its inhabitants are Wright begins his study with an examination of the beliefs of ancient Israel s neighbors Egypt and Mesopotamia reconstructing the intellectual context in which the earliest biblical images of heaven arose A detailed analysis of the Hebrew biblical texts themselves then reveals that the Israelites were deeply influenced by images drawn from the surrounding cultures Wright goes on to examine Persian and Greco Roman beliefs thus setting the stage for his consideration of early Jewish and Christian images which he shows to have been formed in the struggle to integrate traditional biblical imagery with the newer Hellenistic ideas about the cosmos In a final chapter Wright offers a brief survey of how later Jewish Christian and Islamic traditions envisioned the heavenly realms Accessible to a wide range of readers this provocative book will interest anyone who is curious about the origins of this extraordinarily pervasive and influential idea

Exploring Secrets of the Heavenly Realm: Mysteries of the Second Heaven Explained Bruce Hines,2018-11-10 The most advanced book on Spiritual Warfare to date Vol 1 of a series Learn the difference between demon and Fallen Angels The beginning of this book is a complete guide to Spiritual Warfare Then Bruce Hines moves to detail a vast group of Fallen Angels and demonic spirits that have a highly structured organization of levels and grades according to numbers Within this hierarchy they are organized as a kingdom of four different dimensions in the Second Heaven These different Fallen Angels within each of the four dimensions have descending orders of authorities and different rulers and sub rulers according to grade and number responsible for different areas of authority in the Second Heaven which rule over the earth through the minds of mankind This multi leveled kingdom of Fallen Angels has hordes of demonic spirits who work for them The Fallen seek to create environments in which they exercise a dominating influence through demonic activity The Bible speaks of the Fallen Angels as the corner point or the start of something They are pictured as military leaders of demonic realms The Bible labels them as thrones dominions principalities and powers They have far superior power than demonic forces and have particular roles in controlling the destiny and activities of human beings This book is the first of a series on how to defeat Fallen Angels and demonic forces that work for them It assumes the reader knows about spiritual warfare but it was written to advance the one who knows very little about spiritual warfare This series is a must read for every intercessor and recommended for everyone in the body of Christ
