Hitler's Jewish Soldiers Bryan Mark Rigg, 2002 On the murderous road to racial purity Hitler encountered unexpected detours largely due to his own crazed views and inconsistent policies regarding Jewish identity After centuries of Jewish assimilation and intermarriage in German society he discovered that eliminating Jews from the rest of the population was more difficult than he'd anticipated As Bryan Rigg shows in this provocative new study nowhere was that heinous process more fraught with contradiction and confusion than in the German military Contrary to conventional views Rigg reveals that a startlingly large number of German military men were classified by the Nazis as Jews or partial Jews Mischlinge in the wake of racial laws first enacted in the mid 1930s Rigg demonstrates that the actual number was much higher than previously thought perhaps as many as 150 000 men including decorated veterans and high ranking officers even generals and admirals As Rigg fully documents for the first time a great many of these men did not even consider themselves Jewish and had embraced the military as a way of life and as devoted patriots eager to serve a revived German nation In turn they

had been embraced by the Wehrmacht which prior to Hitler had given little thought to the race of these men but which was now forced to look deeply into the ancestry of its soldiers The process of investigation and removal however was marred by a highly inconsistent application of Nazi law Numerous exemptions were made in order to allow a soldier to stay within the ranks or to spare a soldier s parent spouse or other relative from incarceration or far worse Hitler s own signature can be found on many of these exemption orders But as the war dragged on Nazi politics came to trump military logic even in the face of the Wehrmacht s growing manpower needs closing legal loopholes and making it virtually impossible for these soldiers to escape the fate of millions of other victims of the Third Reich Based on a deep and wide ranging research in archival and secondary sources as well as extensive interviews with more than four hundred Mischlinge and their relatives Rigg s study breaks truly new ground in a crowded field and shows from yet another angle the extremely flawed dishonest demeaning and tragic essence of Hitler s rule *The United States Catalog*,1924 *Otto Skorzeny* Stuart Smith,2018-09-20 This first book to reassess the myth and the realities of Otto Skorzeny Hitler s favourite commando SS Obersturmbannführer Otto Skorzeny became a legend in his own time Hitler s favourite commando acquired a reputation as a man of daring renowned for his audacious 1943 mission to extricate Mussolini from a mountain top prison Skorzeny s influence on special operations doctrine was far reaching and long lasting in 2011 when US Navy SEALs infiltrated Pakistan to eliminate Osama Bin Laden the operational planning was influenced by Skorzeny s legacy Yet he was also an egoist who stole other men s credit including for the seminal rescue of Mussolini brave and resourceful but also an unrepentant Nazi and a self aggrandizing hogger of the limelight Stuart Smith draws on years of in depth research to uncover the truth about Skorzeny s career and complex personality From his background as a student radical in Vienna to his bloody service with the Waffen SS on the Eastern Front his surprise rebirth as a commando and his intriguing post war career and mysterious fortune this book tells Otto Skorzeny s story in full warts and all for the first time [Illustrated Catalogue of the Entire Extensive Stock and Recently Added Private Collection of Emil Pares](#) Emil Pares,1919 [The secret Front](#) Wilhelm Höttl,1954 [Modern Practical Joinery](#) George Ellis,1902 [The handyman's book of tools, materials, and processes employed in woodworking](#), ed. by P.N.
