**Conflict and Cooperation in Intelligence and Security Organisations** James Thomson,2021-11-11 This book provides an institutional costs framework for intelligence and security communities to examine the factors that can encourage or obstruct cooperation The governmental functions of security and intelligence require various organisations to interact in a symbiotic way These organisations must constantly negotiate with each other to establish who should address

which issue and with what resources By coupling adapted versions of transaction costs theories with socio political perspectives this book provides a model to explain why some cooperative endeavours are successful whilst others fail This framework is applied to counterterrorism and defence intelligence in the UK and the US to demonstrate that the view of good cooperation in the former and poor cooperation in the latter is overly simplistic Neither is necessarily more disposed to behave cooperatively than the other rather the institutional costs created by their respective organisational architectures incentivise different cooperative behaviour in different circumstances This book will be of much interest to students of intelligence studies organisational studies politics and security studies

Public Policy Walter F. Cooling,1916 **Why Secret Intelligence Fails** Michael A. Turner,2005 Michael Turner argues that the root causes of failures in American intelligence can be found in the way it is organized and in the intelligence process itself Intelligence that has gone awry affects national decision making and ultimately American national security Intelligence officials are reluctant to talk about intelligence successes claiming the secret of our success is the secret of our success But these officials also shy away from talking about failures largely because doing so would expose the failings of American intelligence and have an impact on policy consumers who may become more reluctant to accept and act on the intelligence they receive Rather than focusing on case studies the book takes a holistic approach beginning with structural issues and all dysfunctions that emanate from them Turner explores each step of the intelligence cycle priority setting intelligence collection analysis production and dissemination to identify the inflection points within each stage that contribute to intelligence failures Finally he examines a variety of plans that if implemented would reduce the likelihood of intelligence failures While examining the causes of intelligence failures Turner also explores intelligence as a critical governmental activity making the book an excellent primer on secret intelligence Turner writes in jargon free prose for the informed reader interested in foreign policy and national security policy matters and brings enough depth to his subject that even experts will find this a must read

**Great Decisions** Foreign Policy Association,1995 Science & Public Policy ,2008 **Defence Intelligence and the Cold War** Huw Dylan,2014-10-30 During the Second World War British intelligence provided politicians and soldiers with invaluable knowledge Britain was determined to maintain this advantage following victory but the wartime machinery was uneconomical unwieldy and unsuitable for peace Drawing on oral testimony international archives and private papers **Defence Intelligence and the Cold War** provides the first history of the hitherto little known organisation designed to preserve and advance British capability in military and military related intelligence for the Cold War the Joint Intelligence Bureau JIB Headed by General Eisenhower s wartime intelligence man Major General Kenneth Strong the JIB was central to the mission to spy on and understand the Soviet Union and the broader Communist world It did so from its creation in 1946 to its end in 1964 when it formed a central component of the new Defence Intelligence Staff This volume reveals hitherto hidden aspects of Britain s mission to map the Soviet Union for nuclear war the struggle to understand and contain the

economies of the USSR China and North Korea in peace and during the Korean War and the urgent challenge to understand the nature and scale of the Soviet bomber and missile threat in the 1950s and 1960s The JIB s dedicated work in these fields won it the support of some politicians and military men but the enmity of others who saw the centralised organisation as a threat to traditional military intelligence The intelligence officers of the JIB waged Cold War not only with Communist adversaries but also in Whitehall

**Public Policy** ,1900 Covertaction Quarterly ,1996 **Credit Courses and Programs** Iowa State University,1994 Bringing Intelligence about Russell George Swenson,2003 **The Doctrine of Public Policy in the Law of Contracts** Elisha Greenhood,1886 *Guide to Congress* Congressional Quarterly, inc,2000
