Preserve Protect:

Preserve, Protect, and Defend the Constitution Bill Terrel, 2014-03-06 Author Bill Terrel a conservative Republican became alarmed about the direction the United States was headed about fifteen years ago at that time he began putting his thoughts down on paper before wising up and buying a laptop He also began to make phone calls write letters and seek to connect with politicians who could help the country change its course But today the nation remains at risk and its up to concerned citizens to respond to that risk Terrel considers issues that are important to all Americans including how you can play an active role in holding leaders accountable reverse the bad policies of the Obama administration evaluate information delivered by the media and rediscover the values that make America a great country Part autobiography and part political opinion essay this candid commentary explores the nations history and the goals of the founding fathers considering where and how we went off track Be inspired by an American who has refused to give up and help the United States rediscover the principles on which it was founded *The Character Factor* James P. Pfiffner, 2004 Annotation The American president s character matters To most Americans it matters deeply But how do we define what character means and why can t we agree In this sober probing consideration of the character factor and the presidency veteran political analyst James P Pfiffner leads us through a survey of three aspects of presidential character that have proved problematic for recent chief executives lies promise keeping and sexual probity His goal is not to tell us which presidents have been good and which bad Rather he helps us think critically and impartially about complex character issues and invites us to reach our own conclusions The Character Factor avoids both moral judgments and cynicism It helps us look at our presidents and our presidential candidates without illusions knowing that flawed men can still be great leaders but that some flaws deserve defeat at the polls or even the ultimate presidential sanction impeachment *American Bastille* John A.
