THE SECOND FOUNDING

HOW THE CIVIL WAR AND RECONSTRUCTION
— REMADE THE CONSTITUTION —

ERIC FONER

WINNER OF THE PULITZER PRIZE

Second Founding

Sir Norman Lockyer

Second Founding:

The Second Founding Eric Foner, 2019-09-17 Gripping and essential Jesse Wegman New York Times An authoritative history by the preeminent scholar of the Civil War era The Second Founding traces the arc of the three foundational Reconstruction amendments from their origins in antebellum activism and adoption amidst intense postwar politics to their virtual nullification by narrow Supreme Court decisions and Jim Crow state laws Today these amendments remain strong tools for achieving the American ideal of equality if only we will take them up

The Second Founding Ilan Wurman, 2020-11-12 In The Second Founding An Introduction to the Fourteenth Amendment Ilan Wurman provides an illuminating introduction to the original meaning of the Fourteenth Amendment's famous provisions due process of law equal protection of the laws and the privileges or immunities of citizenship He begins by exploring the antebellum legal meanings of these concepts starting from Magna Carta the Statutes of Edward III and the Petition of Right to William Blackstone and antebellum state court cases The book then traces how these concepts solved historical problems confronting framers of the Fourteenth Amendment including the comity rights of free blacks private violence and the denial of the protection of the laws and the notorious abridgment of freedmen's rights in the Black Codes Wurman makes a compelling case that if the modern originalist Supreme Court interpreted the Amendment in the language of the law it would lead to surprising and desirable results today

We the Voters Lori Ringhand, 2026-03-03 Many Americans today are frustrated unsettled or just plain perplexed about the rules governing our democracy and who gets to make them Concern about rigged systems confusion about the Electoral College and uncertainty about who's in charge of it all have shaken our faith in elections as a reliable way to peacefully transfer political power in a deeply fractured nation In We the Voters Lori A Ringhand brings a fresh perspective to these issues In straightforward and accessible language she explains how certain questions who we the people are how they should be represented and who gets to make the rules governing our elections have always lurked just beneath the surface of our nation's most contentious fights about how our elections should work When there are clear answers to these questions this book explains them But its primary purpose is to help readers understand why so many of these questions are genuinely difficult and how decisions made by past generations both structure and empower our choices today Using constitutional text history and landmark Supreme Court decisions Ringhand shows how the Constitution often serves less as a rigid rule book for our elections and more as a general framework empowering each generation of Americans to engage for themselves the important questions underlying our electoral system by interrogating what is and isn't working for them We the Voters is pragmatic but also optimistic In the end the Constitution leaves the defense of our democracy up to us it equips us with the tools we need to question debate and ultimately change how our system of self government works This book urges us to take up that call with vigor

The Myths That Made America Heike Paul, 2014-08-15 This essential introduction to American studies examines the core foundational myths upon which the nation is based and which still determine

discussions of US American identities today These myths include the myth of discovery the Pocahontas myth the myth of the Promised Land the myth of the Founding Fathers the melting pot myth the myth of the West and the myth of the self made man The chapters provide extended analyses of each of these myths using examples from popular culture literature memorial culture school books and every day life Including visual material as well as study questions this book will be of interest to any student of American studies and will foster an understanding of the United States of America as an imagined community by analyzing the foundational role of myths in the process of nation building

America's Forgotten Suffragists Nicole Evelina, 2023-03-01 After being forgotten for nearly 130 years the Mother of Suffrage in Missouri and her husband are finally taking their rightful place in history St Louisans Virginia and Francis Minor forever changed the direction of women s rights by taking the issue to the Supreme Court for the first and only time in 1875 a feat never eclipsed even by their better known peers Susan B Anthony and Elizabeth Cady Stanton Yet despite a myriad of accomplishments and gaining notoriety in their own time the Minors names have largely faded from memory In 1867 Virginia founded the nation s first organization solely dedicated to women s suffrage two years before Anthony formed the National Woman s Suffrage Association NWSA Virginia and Francis were also the brains behind the groundbreaking idea that women were given the right to vote under the Fourteenth Amendment a philosophy the NWSA adopted for nearly a decade And their story doesn t end there After the court case Francis went on to become a prolific writer on women s rights and one of the first and strongest male allies of the suffrage movement Virginia instigated tax revolts across the country and campaigned side by side with Anthony for women s rights in Missouri Kansas and Nebraska *America s Forgotten Suffragists* Virginia and Francis Minor is the first biography of these suffrage celebrities who were unique for their time in being jointly dedicated to the cause of female enfranchisement This book follows their lives from slave holding Virginians through their highly lauded civilian work during the Civil War and into the height of the early suffrage movement to show how two ordinary people of like mind dedicated to a cause can change the course of history

Whose Right Is It? The Fourteenth Amendment and the Fight for Equality Hana Bajramovic, 2024-06-25 A New York Public Library Best Book of the Year Discover the truth about the Fourteenth Amendment civil rights and the United States continued fight for equality in this singular nonfiction book for young readers The Fourteenth Amendment to the U S Constitution known as the equality amendment was passed in the years after the Civil War to help protect the rights and freedoms of Black Americans In the centuries that followed the amendment grew to protect the rights of women immigrants and LGBTQ people as well But in recent years the scope of the Fourteenth Amendment has shifted dramatically A series of landmark Supreme Court cases ranging from abortion to affirmative action have rolled back the amendment s guarantees and called into question its usefulness as a tool in the fight for equality What does the future hold for the Fourteenth Hana Bajramovic s *Whose Right Is It The Fourteenth Amendment and the Fight for Equality* explores how one amendment to the Constitution shaped civil rights and liberties in America and became the focus

for many of today's most important political debates. Featuring historical photos and informative graphics, this book shows a new generation of activists what the fight for equality across race, sexuality, gender, and citizenship might look like in the years to come.

Second Founding David Quigley, 2004. Publisher Description: **The Lovers' Quarrel** Elvin T. Lim, 2014. The United States has experienced Two Foundings, not one. The framers of the second Constitution, the Federalists, were not operating in an ideational or institutional vacuum; rather, the document they drafted and ratified was designed to remedy the perceived flaws of the Articles of Confederation and Perpetual Union. To decouple the Two Foundings is to appreciate that there is no original meaning; only original dissent. Because, on the insistence of the Anti-Federalists, prior and democratically sanctioned understandings of federalism and union had to be negotiated and partially grafted onto the new Constitution, the Constitution's Articles and the Bill of Rights do not cohere as well together as have conventionally been understood. Rather, they represent two antithetical orientations toward power: liberty and republicanism. The Anti-Federalist and Federalist altercation over the necessity of the Second Founding generated coherent and self-contained philosophies that would become the indigenous core of American political thought that has been reproduced and transmitted across two centuries. The Second Founding, or the founding we have come to know as the only one we had, would become a template for the unique species of politics and political debate that is prototypically American. American political development has occurred only after the political entrepreneurs of each generation locked horns in a Lovers Quarrel about the relative priority of the principles of one of the Two Foundings and succeeded in justifying and forging a durable expansion or contraction of federal authority.

Handbook of Research on the Changing Role of College and University Leadership Miller, Michael T., Gearhart, G. David, 2021-06-04. Higher education has changed significantly over the past 50 years, and the individuals who provide leadership for these institutions has similarly changed. The pathway to the college presidency, once the domain of academic administration, has diversified as an increasing number of development officers, student affairs, and enrollment management professionals, and even politicians, have become common in the role. It is important to understand who the presidents are in the current environment and the challenges they face. Challenges such as dealing with the COVID-19 pandemic, enrollment shortfalls, Title IX, and athletic scandals have risen to the forefront and have contributed to the issues and role of college and university leadership. *The Handbook of Research on the Changing Role of College and University Leadership* provides important research on the topic of college and university leadership, especially focusing on the changing role of the college president. The chapters discuss college leadership as it is now and how it will evolve into the future. Topics included are the role of the president at various types of universities, their involvement within university functions and activities, and the duties they must carry out and challenges they face. This book is ideal for professionals and researchers working in higher education, including faculty members who specialize in education, public administration, the social sciences, and management, along with teachers, administrators, teacher educators, practitioners, researchers, academicians, and students who are interested in college

and university leadership and how this role is transforming

Charles Sumner Zaakir Tameez, 2025-06-03 A thorough recounting of the great legislator's life and deed unlikely to be bettered anytime soon Tameez is expert at explaining Sumner's legal thought One cannot help wishing we had a Charles Sumner in Washington today The New York Times An excellent book about the courageous Massachusetts senator Drawing from hundreds of letters articles and speeches Mr Tameez has created a remarkable portrait of a complex man who faced many personal challenges Charles Sumner is a moving portrayal of a courageous long overlooked American who in the words of one contemporary stood in the vanguard of Freedom Wall Street Journal A landmark biography of Charles Sumner the unsung hero of the American Civil War and Reconstruction Charles Sumner is mainly known as the abolitionist statesman who suffered a brutal caning on the Senate floor by the proslavery congressman Preston Brooks in 1856 This violent episode has obscured Sumner's status as the most passionate champion of equal rights and multiracial democracy of his time A friend of Alexis de Tocqueville an ally of Frederick Douglass and an adviser to Abraham Lincoln Sumner helped the Union win the Civil War and ordain the Emancipation Proclamation the Thirteenth Amendment the Freedmen's Bureau and the Civil Rights Act of 1875 In a comprehensive but fast paced narrative Zaakir Tameez presents Sumner as one of America's forgotten founding fathers a constitutional visionary who helped to rewrite the post Civil War Constitution and give birth to modern civil rights law He argues that Sumner was a gay man who battled with love and heartbreak at a time when homosexuality wasn't well understood or accepted And he explores Sumner's critical partnerships with the nation's first generation of Black lawyers and civil rights leaders whose legal contributions to Reconstruction have been overlooked for far too long An extraordinary achievement of historical and constitutional scholarship Charles Sumner brings back to life one of America's most inspiring statesmen whose formidable ideas remain relevant to a nation still divided over questions of race democracy and constitutional law
