Making The Small Shop Profitable:

Making the small shop profitable J.H. Van Deventer,1918 **Making the Small Shop Profitable** John H. Van Deventer,2015-06-26 Excerpt from Making the Small Shop Profitable For years the word Small Shop conveyed to one s mind the impression of hard work and no profits The owner of a small shop was regarded with pity and looked upon as one having the responsibilities of a capitalist and the net income of a day laborer Small shop ownership was a temporary affair and the sign painter made frequent visits to the same institution to change the name of the proprietor on the shop shingle Now the small shop is recognized as an honorable and also a profitable institution The change itself and the recognition of the position of the small shop by the mechanical public has been materially helped and in fact largely effected by the American Machinist s Small Shop Series which was the first consistent attempt to help the mall shop find itself and to help the mechanical public to find the small shop So effective was this series that after publication in the American Machinist repeated demand made necessary the republication of these articles in book form The first fifty articles were gathered together under the title of Success in the Small Shop of which successive editions have been printed in response to the demand of those interested in making small shops successful The present volume Making the Small Shop Profitable is a collection of the later writings of the same author on important phases of small shop activity It contains also an illustrated encyclopedia of small shop methods or kinks which should prove of the utmost practical value to the mechanic whose means for doing work are restricted to what is ordinarily found in the small shop About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **American Machinist** ,1915 **Profit Making in Shop and Factory Management** Charles Underwood Carpenter,1908 **Bibliography of Industrial Efficiency and Factory Management (books, Magazine Articles, Etc.)** Harry George Turner Cannons,1920 [Pensions Within the Small Business Sector](#) United States.
