A Perichoretic Pastoral Theology Jim Horsthuis, 2022-09-08 This book articulates a perichoretic pastoral theology offering a pastoral theological response to the question of how ministering persons practice ministry in communion with the triune God Key elements from contemporary pastoral theology theologies of human experience concern for human suffering and situational attentiveness are drawn into conversation with the doctrine of perichoresis Jim Horsthuis provides a vision for life and ministry in relational participational and spiritual communion with the Father Son and Holy Spirit The chapters explore four spiritual movements that foster this vision 1 the move from experience to relationship 2 the move from concern to presence 3 the move from competence to communion and 4 the move from practice to prayer The book represents a unique academic contribution to both pastoral theology and Trinitarian theology

Scientific and Pastoral Perspectives on Intercessory Prayer Larry Van De Creek, 2013-10-23 Many people agree that prayer is a central feature of spiritual life But what is prayer Scientific and Pastoral Perspectives on Intercessory Prayer An Exchange Between Larry Dossey MD and Health Care Chaplains explores common questions and concerns about intercessory prayer or the act of praying for the benefit of others from several different points of view Chaplains priests ministers and clergy in the health care profession will learn how prayer is examined from sources other than traditional Christian views such as parapsychology From Scientific and Pastoral Perspectives on Intercessory Prayer you will learn what prayer means to some chaplains and to their ministry and how prayer can make drastic changes in the lives of your parishioners patients and their families Written by eight chaplains the articles in this text are in response to an essay by Larry Dossey a nationally known physician who speaks and writes about prayer The contributors to Scientific and Pastoral Perspectives on Intercessory Prayer discuss his points of view on intercessory prayer which are based on quantum physics You will learn if this area of physics can make a difference in how you practice your faith how you worship and what you think about or expect from prayer Scientific and Pastoral Perspectives on Intercessory Prayer examines several other topics related to prayer including discovering whether or not intercessory prayer is truly different from other methods of meditation exploring the relationship between intercessory prayer and meditative or praise prayer linking prayers and their results to the expectations or intentions of those who engage in them differentiating between an intercession and a wish deciding for yourself what constitutes evidence or proof when discussing the aspects of prayer how our opinion of prayer relates to how we think about the universe and about God Since Scientific and Pastoral Perspectives on Intercessory Prayer focuses on the cooperation between science and theology you will discover that in many instances people believe that the power of prayer should be taken seriously This text also shows you how the questions and functions of prayer are shared by everyone despite religious differences or methods of praying Encompassing research and personal experiences Scientific and Pastoral Perspectives on Intercessory Prayer will help you answer questions about religion and its role in the lives of parishioners patients and clergy as well as provide you with

evidence to the positive and healing power of prayer *EBOOK: Counselling In The Pastoral And Spiritual Context* David Lyall,1994-12-16 This book explores the practice of counselling not only in the context of traditional ministries of pastoral care within the Christian Church but also in the context of other world religions and among counsellors with a concern for the spiritual dimension of life A detailed account is given of the development of pastoral counselling in Britain parallel movements in other major world religions are examined An attempt is made to engage sympathetically with the theory and practice of a wide range of approaches to counselling in a context which embraces both the rapidly growing Christian counselling movement and more humanistic understandings of spirituality The author draws out the implications of metaphors which have shaped our understanding of pastoral care and counselling finding in a narrative understanding of religious faith and in the spiritual journey of Thomas Merton a model which respects the contribution of the secular therapies and affirms the integrating potential of faith This book will be of interest to clergy and lay people in churches and other faiths who seek an understanding of counselling in pastoral and spiritual contexts It will also have more general appeal to practitioners who wish to explore the relationship of counselling in this context to forms of counselling elsewhere
