Poor Mercy:

Poor Mercy Jonathan Falla, 2011-05-01 *Poor Mercy* is a vivid engrossing work of fiction Michel Faber The Guardian An unusual love story told with insight and tenderness it is studded with beautifully observed descriptions of place Jennie Renton Scottish Review of Books *Poor Mercy* fulfils an important function preserving a wretched moment in history giving substance to events that would otherwise soon be forgotten in favour of the next humanitarian crisis Claudia Pugh Thomas TLS Set in Darfur this novel is a dramatic and tragic story of an improbable love between two people caught up in an African famine Mogga and Leila a black and an Arab should supposedly not even like each other But as the country teeters on the edge of catastrophic famine and civil war looms they cling to each other s dignity humour and humanity Both work for the same European aid agency Both are vulnerable targets for hatred and resentment Both are strangely triumphantly resilient Based on his own experience of disaster agencies Falla s novel is fiercely authentic poignant and darkly witty As the expatriates bicker their English team leader struggles to unravel the evil politics behind the famine and reaches a highly controversial decision But he may not be able to save the local people who have put themselves on the line The foreigners can always take themselves off home when things go wrong for the locals it may already be too late as the book builds towards a terrifying climax

Conversion Through Penance in the Italian Church of the Fourth and Fifth Centuries Allan Fitzgerald, 1988 This study reviews penance within the context of the spirituality of 4th and 5th century Italy By relating the attitudes toward penance and pardon in those days to the changing social position of the Christian community this text reveals that a new understanding of penance developed as an integral part of the development of the role of the Church in leading sinners to healing and holiness

A Library of Fathers of the Holy Catholic Church, Anterior to the Division of the East and West, 1847

The Spirit of Hope Jürgen Moltmann, 2020-01-01 Famous theologian Jürgen Moltmann returns here to the theme that he so powerfully addressed in his groundbreaking work *Theology of Hope* In the twenty first century he tells us hope is challenged by ideologies and global trends that would deny hope and even life itself Terrorist violence social and economic inequality and most especially the looming crisis of climate change all contribute to a cultural moment of profound despair Moltmann reminds us that Christian faith has much to say in response to a despairing world In the eternal yes of the living God we affirm the goodness and ongoing purpose of our fragile humanity Likewise Gods love empowers us to love life and resist a culture of death The books two sections equally promote these affirmations yet in different ways The first section looks at the challenges to hope in our current world most especially the environmental crisis It argues that Christian faith and indeed all the worlds religions must orient themselves toward the wholeness of the human family and the physical environment necessary to that wholeness The second section draws on resources from the early church the Reformation and the contemporary theological conversation to undergird efforts to address the deficit of hope he describes in the first section
