On Truth The School Life of School The,2020-06-09 A collection of literature to educate inspire and transform lives

Summary of The School of Life & Alain de Botton's The School of Life Everest Media,2022-03-08T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 We are often the last people to know what is going on inside us We suffer because there is no easy way to introspection We are not a fixed destination but an eternally mobile unfocused and vaporous specter 2 Emotional skepticism is the recognition that our own minds can be faulty and misleading It is the first step towards emotional maturity which involves the understanding that we will never know everything and the willingness to accept that fact 3 The presence of the unknown past colors and sharply distorts our perceptions of the present We interpret what is happening in the present through expectations fostered in long years whose real nature we have forgotten 4 The picture doesn't show any of these things The person who looks at it and the way they elaborate on it reveals far more about their emotional inheritance than it does about the image itself

Arguments The School of Life,2019-08-22 An average couple will have between thirty and fifty significant arguments a year and yet we re seldom taught very much about why they happen and how they could grow a little less intense This is a guide to arguments in love it teaches us why they might occur what their symptoms are how we could learn some wiser ways of communicating and how we would ideally patch up after a fight The book looks at twenty of the most common arguments including ones about sex money in laws who is cold and who is over emotional and the state of the bathroom and the finances We recognise our own antics but also pick up consoling and wise ideas on how to skirt certain conflicts going forward The tragedy of every sorry argument is that it is constructed around a horrific mismatch between the message we so badly want to send I need you to love me know me agree with me and the manner in which we are able to deliver it with impatient accusations sulks put downs sarcasm exaggerated gesticulations and forceful f yous A bad argument is a failed endeavour to communicate this is a definitive guide to how we might argue better The priority is not so much to avoid points of contention as to learn to handle them in less counterproductively vindictive and more gently strategic ways We need a lot help in order in order to acquire the complex art of converting our poisonous arguments into effective and compassionate dialogues

The Meaning of Life The School of Life,2025-04-08 The School of Life s thought provoking and practical guide to one of the greatest questions we will ever face now in paperback To wonder too openly or intensely about the meaning of life can seem a peculiar ill fated and faintly ridiculous pastime It can seem like a topic on which ordinary mortals cannot make much progress In truth it is for all of us to wonder about define and work towards a more meaningful existence This book considers a range of options for where the meaning of life is to be found including love family friendship work self knowledge and nature We learn why certain things feel meaningful while others don t and consider how we might introduce more meaning into our activities What follows is a hugely thought provoking as well as practical guide to one of the greatest questions we will ever face

Botton's Relationships (The School of Life Library) Everest Media,2022-04-26T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 We live in a world that was created by Romanticism an ideology that emerged in Europe in the mid 18th century It tells us that a long term marriage can have the excitement of a love affair and that sex should be the supreme expression of love 2 The modern age has had enough of reasons which are the catalysts of misery The prestige of instinct is the legacy of a collective traumatized reaction against too many centuries of unreasonable reason 3 We must replace the Romantic view of love with a more mature and psychologically mature vision called Classical which encourages us to adopt a number of unfamiliar but hopefully effective attitudes **The School of Life** Alain De Botton,2013-02-01 A series of intelligent rigorous well written self help books put together by some of the leading minds in the field This bindup includes the following titles 9781447202301 How To Stay Sane9781447202288 How
