**NEA, Propaganda Front of the Radical Left** Sally D. Reed,1984      **Betrayal** Linda Chavez,Daniel Gray,2004-06-08  
Simply put the leftist labor unions have the Democrats in their pockets And we re all paying the price Linda Chavez President George W Bush s original choice for Secretary of Labor and a former union official is one of the foremost authorities on America s labor unions Now in the explosive new book *Betrayal* she and fellow union expert Daniel Gray expose the corrupt bargain between the labor movement and the Democratic Party Committed to a far left political agenda and to enhancing their own power union bosses funnel at least half a billion dollars into Democratic coffers every year And they do it illegally by using dues money that workers are forced to pay as a condition of their employment dues money that each year brings the unions 17 billion all of it tax free What do labor bosses get in return The power to call the shots in Democratic campaigns and on party policy extraordinary influence at all levels of government billions of dollars in taxpayer funded federal grants and special legal privileges that leave them free to act as they please no matter the consequences for the American people The cycle of corruption is seemingly endless Chavez and Gray name names exposing the many politicians who are in Big Labor s pocket including the leading lights of the Democratic Party *Betrayal* also reveals Big Labor s all out efforts in the 2004 election including how just one local union has launched a 35 million campaign to unseat President Bush How corrupt union officials use members hard earned money to fund lavish lifestyles and how their Democratic supporters let them get away with it How unions flout the law by failing to report any of their political spending to the IRS How a government report uncovered the Democrats sellout to Big Labor but how the unions and the Democrats sued to keep the report from going public How the U S government lets unions practice legalized terrorism against American citizens How public employee unions extort concessions from the government and put Americans at risk by refusing to provide vital services like policing and firefighting How Americans now live under a system of legal apartheid one set of rules for labor bosses another for the rest of us All of us foot the bill for this corrupt system Now it s up to us to do something about it      **Power Grab** G. Gregory Moo,1999-09-01 Exposes the National Education Association NEA for what it really is and provides a hands on guide for teachers parents and communities to increase their voices in bringing education back to the children      *Inequity in Education* Debra Meyers,Burke Miller,2009-01-01 *Inequity in Education* represents the latest scholarship investigating issues of race class ethnicity religion gender and national identity formation that influenced education in America throughout its history Targeting sophisticated undergraduates along with graduate students and specialists this exciting new collection will capitalize on the growing interest in the historical foundations of the problems facing our schools today This collection of cutting edge essays and primary source documents represents a variety of theoretical and methodological perspectives that will appeal to both social and cultural historians as well as those who teach education courses including introductory surveys and foundations courses      **Culture Wars** James Davison Hunter,1992-10-14 A riveting account of how Christian

fundamentalists Orthodox Jews and conservative Catholics have joined forces in a battle against their progressive counterparts for control of American secular culture

**The how and why of Home Schooling** Ray E. Ballmann, Ray Ballmann, 1995 Printed boldly on the back of the United States currency is the motto In God We Trust We have seen it so often that it may have lost its meaning to us But found in these words is the secret to national and personal greatness Webster s Dictionary defines the word trust as a firm belief or confidence in the honesty integrity reliability and justice of another person or thing When our founding fathers put their names to the Declaration of Independence they believed that God was the only sure foundation upon which to build a nation that would endure These men knew that this unique experiment in freedom would only stand the test of time by God s grace George Washington stated it simply It is impossible to rightly govern the world without God and the Bible Reliance upon God was deeply rooted in our country s important documents and institutions from the beginning But today confidence in God and His Word is no longer the foundation of society In our schools the God of Creation has been replaced by the god of evolutionary chance Truth has been replaced by relativism Morality has been replaced by expediency In our homes we nightly view things that were unimaginable on television and in movies only a decade ago Violence sexual perversion and obscene language spill off the screen In the political arena God s principles of truth and justice have often given way to expedience personal profit and compromise As we have departed from God life has been devalued The lives of unborn children are snuffed out in abortion clinics and the number of robberies rapes and murders increase daily It is time that we return to the values of God s Word in our public and private lives so that He will heal our land We must begin person by person on our knees confessing our failure to trust God fully in our lives Today you can affirm your trust in God if you will Acknowledge that you need salvation The Bible says All have sinned and come short of the glory of God Romans 3 23 Recognize God s love for you God so loved the world that He gave His only begotten Son that whosoever believeth in Him should not perish but have everlasting life John 3 16 Receive Jesus and His forgiveness the only basis for encountering God As many as received Him Jesus to them gave He power to become the sons of God even to them that believe on His name John 1 12 God is calling you to put your trust in Him today Don t ignore His call

London, 1987 The classroom texts presently in use on the subject of nuclear weapons provide ample evidence that a biased version of peace studies has insinuated itself into the school curriculum at all levels of study whereby these guides represent a blatant ideological slant in the direction of unilateral disarmament and portray the United States as the culprit in the arms race This book advocates the restoration of a balanced view to the study of national security The War Against the Family William Douglas Gairdner, 1992 Believing it is high time for someone to speak out in defense of the family William Gairdner the author of *The Trouble with Canada* has turned his attention to what he calls the civil war of values that is weakening the soul of the family in Canada Among his findings Traditional marriage is being demoted in our children's textbooks as only one choice among many types of family relationships Massive funding is given to radical lobby groups devoted to destroying the family while those supporting it go begging Sex education at one time the concern of families has become the property of sexologists and peer groups The mainline churches have abandoned souls for political causes and pagan theories The law and the courts of the land are decimating the traditional privileges of the family in the name of individual rights In writing that is vigorous and compelling Gairdner traces the war against the family to a political ideology springing from Plato Rousseau and a utopian liberalism that has become a caricature of itself everywhere promoting rights but forgetting duties Powered by this ideology the modern State eager for votes and hostile to freedom effectively weakens the family unit which it sees as a bastion of privacy privilege and authority In *The War Against the Family* Gairdner throws down the gauntlet forcing into the open a much needed debate about the future of the family in Western societies The family of today and future generations are sure to benefit Jacket flap Children No More Brenda Scott, 1995 **Understanding American Education** Lloyd Duck, 1996 **Chronicles of Culture**, 1985 Academic Freedom to Teach and to Learn Anna S.
