In the 1950s and 1960s the CIA undertook a series of research and operational programs aimed at gaining control of human  
behavior commonly known as mind control The most famous and notable of these was MKULTRA which from 1953 to 1964  
spawned 149 subprojects that developed and studied a number of procedures for influencing and predicting human behavior  
by chemical and psychological means The intention for the techniques was to have both defensive applications and offensive  
applications e g the use of psychochemicals to control or discredit an individual The Project MKULTRA Compendium
