Other Way:

No Other Way To Tell It Derek Paget, 1998-06-15 Drama documentary is a program category unique to television Combining the factual approach of documentary with the entertainment values of drama dramadoc docudrama has featured in television schedules for over forty years and has often been the focus of controversy Questions are frequently asked about how the viewer is to judge between fact and fiction and whether such programs invade individuals privacy *No Other Way to Tell It* is an introductory book which defines the form and reviews its history and development on British and American television The people who make the programs television producers writers actors and lawyers give their views and recent co production work between Granada TV in Britain and Home Box Office in America is examined Hostages a co production which was bitterly opposed by the British and American hostages released from captivity in Beirut at the beginning of the decade is used to illustrate the changes that are now taking place within the medium *I Wouldn't Have It Any Other Way* Samuel Myers Sr., 2010-09-30 When it comes to the final analysis all of us has a story to tell The problem is that to tell it takes a lot of will and patience And when you think about it willingness and patience are not some things that a lot of people have I titled this book *I Wouldnt Have It Any Other Way* This title was not just chosen there is a reason behind me coming up with this title After reading this book no doubt many are saying within yourselves How in Gods world did he arrive at this title after having experienced all of the things that he has experienced When I look at my parents siblings and those that have shared many of the same experiences that I have I decided to use all of these things as a stepping stone not as a stumbling block I viewed these occurrences through the eyes of God When I did I said that I would not have it any other way All of the different things that I personally have been through have enabled me to draw closer to God Having such an intimacy with God has caused me to get to places in Him that I never imagined I am mindful of the passage of scripture that is found in Romans 8 28 This scripture says that And we know that all things work together for the good to them that love God to them who are the called according to his purpose This being said I feel that all things that were mentioned in the content of this book both the good and not so good have happened for my betterment These are the things from my days of my infancy to this present time With that being said it was in the plan of God that I was born to Boston and Evelyn Myers The things that they went through under the sharecropping system and the Jim Crow laws have helped me to value God and the things of God The loss of my mother at an early age caused me to put my trust in God for my survival The woodpile experience helped me to prepare for the establishment of a genuine relationship with God Lastly the union with Mary Elizabeth was not an accident This most definitely was in the plan of God My three sons that came out from this union was also in the plan of God What can I say I cannot say anything but that I Will Not Have It Any Other Way *Miscellaneous writings of C.H.
