We Are Our Language Barbra A. Meek, 2012-02-01 For many communities around the world the revitalization or at least the preservation of an indigenous language is a pressing concern Understanding the issue involves far more than compiling simple usage statistics or documenting the grammar of a tongue it requires examining the social practices and philosophies that affect indigenous language survival In presenting the case of Kaska an endangered language in an Athabascan community in the Yukon Barbra A Meek asserts that language revitalization requires more than just linguistic rehabilitation it demands a social transformation The process must mend rips and tears in the social fabric of the language community that result from an enduring colonial history focused on termination These disjunctures include government policies conflicting with community goals widely varying teaching methods and generational viewpoints and even clashing ideologies within the language community This book provides a detailed investigation of language revitalization based on more than two years of active participation in local language renewal efforts

Each chapter focuses on a different dimension such as spelling and expertise conversation and social status family practices and bureaucratic involvement in local language choices Each situation illustrates the balance between the desire for linguistic continuity and the reality of disruption We Are Our Language reveals the subtle ways in which different conceptions and practices historical material and interactional can variably affect the state of an indigenous language and it offers a critical step toward redefining success and achieving revitalization *Our Language* Gordon Augustus Southworth,1887 Encyclopædia Britannica Colin Macfarquhar,George Gleig,1797 Forum ,1982 **Our Language** Gordon Augustus Southworth,Farley Brewer Goddard,2016-05-20 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant **Encyclopædia Britannica, Or, A Dictionary of Arts and Sciences** ,1771 *Pantologia* ,1813 *Pantologia* John Mason Good,Olinthus Gregory,1813 The Story of Our Language Henry 1890-Alexander,2021-09-09 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public To ensure a quality reading experience this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy to read typeface We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant *An International Language* Otto Jespersen,1929 A plea for an artificial international auxiliary language and a presentation of the author s scheme for such a language to be designated Novial **Our Language** Gordon Augustus Southworth,2016-05-18 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in
