Observations On Modernity:

Observations on Modernity Niklas Luhmann, 1998 This collection of five essays by Germany's most prominent and influential social thinker both links Luhmann's social theory to the question What is modern about modernity and shows the origins and context of his theory In the introductory essay *Modernity in Contemporary Society* Luhmann develops the thesis that the modern epistemological situation can be seen as the consequence of a radical change in social macrostructures that he calls social differentiation thereby designating the juxtaposition of and interaction between a growing number of social subsystems without any hierarchical structure European Rationality defines rationality as the capacity to see the difference between systems and their environment as a unity Luhmann argues that in a world characterized by contingency rationality tends to become coextensive with imagination a view that challenges their classical binary opposition and opens up the possibility of seeing modern rationality as a paradox In the third essay *Contingency as Modern Society's Defining Attribute* Luhmann develops a further and probably even more important paradox that the generalization of contingency or cognitive uncertainty is precisely what provides stability within modern societies In the process he argues that medieval and early modern theology can be seen as a preadaptive advance through which Western thinking prepared itself for the modern epistemological situation In *Describing the Future* Luhmann claims that neither the traditional hope of learning from history nor the complementary hope of cognitively anticipating the future can be maintained and that the classical concept of the future should be replaced by the notion of risk defined as juxtaposing the expectation of realizing certain projects and the awareness that such projects might fail The book concludes with *The Ecology of Ignorance* in which Luhmann outlines prospective research areas for sponsors who have yet to be identified

Critical Studies in the Phonetic Observations of Indian Grammarians Siddheshwar Varma, 1929 *Kabir, Kabir: The life and work of the early modern poet-philosopher* Purushottam Agrawal, 2024-03-23 A FASCINATING AND RIGOROUS EXAMINATION OF KABIR'S LIFE AND POETRY AND HIS RELEVANCE TODAY FOR BOTH THE SCHOLAR AND GENERAL READER As the right wing tries to claim Kabir for itself while other conservatives disown him and yet others portray him as a secular idol beyond religion the poet has never been so misunderstood Coming from the Nirgun bhakti tradition the words of this fifteenth century poet have the power to reach beyond time and speak to us today Was he a Hindu or Muslim or was he beyond religion Did he try to cultivate a new faith or did he eschew organised religion altogether Was his modernity an exception or a reflection of the times he lived in What does Kabir's life and poetry tell us about this nation's past and present In this rare appraisal of Kabir's writings and his life Purushottam Agarwal approaches this timeless poet revolutionary with little preconceptions presenting him the way the poet wanted to be seen rather than what his followers and fans want to see in him

Into the Postmodern Imaginary David

Ernest Boyns,2004 *Embodying Modernity and Postmodernity* Sandra C. Bamford,2007 This collection of original essays critically examines the relationship between ritual embodiment and social change in the South Pacific Over the past few decades the societies of Melanesia have undergone profound and revolutionary social change Encounters with colonialism postcolonialism and the forces of globalization have put indigenous peoples in touch with processes of state formation late capitalist culture and the emergence of a complex network of transnational identities In addition to shaping the contours of the nation state these developments are having a profound impact on the nature of embodied experience In recent years many Melanesian societies have witnessed the rise of charismatic Christianity changing gender configurations and the growing use of consumerism as a means of defining new social and political hierarchies *Embodying Modernity and Post Modernity* provides detailed analyses of those social changes that are becoming part of contemporary Melanesia Written by experts with first hand fieldwork experience this volume furnishes novel insights concerning the social implications of modernity and postmodernity More specifically it addresses two interrelated themes how the rise of new social and economic forms has influenced the ways in which Melanesians think about experience and act upon their bodies and the ways in which these new forms of bodily experience contribute to the emergence of new social and cultural identities This book is part of the Ritual Studies Monograph Series edited by Pamela J Stewart and Andrew Strathern Department of Anthropology University of Pittsburgh While this volume will be of particular interest for regional specialists and theorists of the body it also makes important contributions to historical analysis of colonial and post colonial interpretations of modernity and ritual studies The editor also deserves credit for bringing together a cohesive text one in which the articles usefully speak to and complement one another Anthropological Forum This book is a must read for scholars of Melanesia and all scholars of the Anthropology of the Body There is much to be gleaned theoretically from these ethnographically rich essays Oceania The Nineteenth Century and After ,1920 **The Nineteenth Century** ,1920 Cultural Politics in Modern India Makarand R.
