Luminous Darkness 1st Edition:

The Invisible Corset Lauren Geertsen, 2021-01-19 Learn to love your body for real this time Women in touch with the wisdom of their bodies are the single greatest threat to societal systems of domination oppression and control We are also the greatest possibility to bring healing peace and restoration to our world Lauren Geertsen No matter how much we try to tell ourselves to love our bodies and accept our flaws most women can't quite get there Even though we know the beauty standard is unrealistic we secretly feel like it would be so much easier if our stomach were just a little flatter or our skin a little smoother or a million other little things As a result we sacrifice our health heritage sanity and lives on the altar of beauty culture Why is it so hard to feel confident about our bodies or even just accept them Because willpower alone isn't enough to undo generations of brainwashing intended to repress women's confidence and power In *The Invisible Corset* Geertsen carefully illustrates the psychological gaslighting that leads women to internalize the belief that their appearance makes them not only unworthy of love but incapable of fulfilling their actual destiny By highlighting each restricting string of the invisible corset all women wear Geertsen helps us reclaim our bodies for ourselves discovering newfound confidence power joy and pleasure as we do You'll explore How the invisible corset cuts you off from your body's wisdom and nature's intelligence the true sources of your intuition pleasure and power How beauty culture is the most recent form of patriarchal oppression and why women are both responsible and able to free ourselves Why the body positivity movement often makes self-criticism even worse The racist history of beauty culture and how it still perpetuates racism today Journaling prompts rituals meditations and other exercises to help unravel the toxic beliefs that keep the invisible corset in place A variety of practices to help you reconnect with your body to tune into your intuition set healthy boundaries align with your True Self and more For any woman who is ready to go from struggle discomfort control and shame to pleasure confidence freedom and soul fulfilling purpose *The Invisible Corset* is an essential guide

[Howard Thurman](#) Kipton E. Jensen, 2019-12-03 Although he is best known as a mentor to the Reverend Martin Luther King Jr Howard Thurman 1900-1981 was an exceptional philosopher and public intellectual in his own right In *Howard Thurman Philosophy Civil Rights and the Search for Common Ground* Kipton E Jensen provides new ways of understanding Thurman's foundational role in and broad influence on the civil rights movement and argues persuasively that he is one of the unsung heroes of that time

While Thurman's profound influence on King has been documented Jensen shows how Thurman's reach extended to an entire generation of activists Thurman espoused a unique brand of personalism Jensen explicates Thurman's construction of a philosophy on nonviolence and the political power of love Showing how Thurman was a social activist mystic as well as a pragmatist Jensen explains how these beliefs helped provide the foundation for King's notion of the beloved community Throughout his life Thurman strove to create a climate of inner unity of fellowship that went beyond the barriers of race class and tradition In this volume Jensen meticulously documents and analyzes Thurman as a philosopher activist and peacemaker and illuminates his vital and founding role in and contributions to the monumental achievements of the civil rights era

Necropolitics Christophe D. Ringer, 2020-11-17 Necropolitics The Religious Crisis of Mass Incarceration in America explores the pernicious and persistent presence of mass incarceration in American public life Christophe D Ringer argues that mass incarceration persists largely because the othering and criminalization of Black people in times of crisis is a significant part of the religious meaning of America This book traces representations from the Puritan era to the beginning of the War on Drugs in the 1980s to demonstrate their centrality in this issue revealing how these images have become accepted as fact and used by various aspects of governance to wield the power to punish indiscriminately Ringer demonstrates how these vilifying images contribute to racism and political economy creating a politics of death that uses jails and prisons to conceal social inequalities and political exclusion
