Lust Spoiled:

Lust Spoiled John Dexter,1965 **Augustine** J. H. S. Burleigh,2020-08-03 These are Augustine s writings from the time of his conversion to Christianity in AD 386 until he became Bishop of Hippo in 395 396 Included are eight of the most important treatises from this period in which Augustine s Christian position was being formulated With each work is a brief introduction and Augustine s own review of the treatise Long recognized for the quality of its translations introductions explanatory notes and indexes the Library of Christian Classics provides scholars and students with modern English translations of some of the most significant Christian theological texts in history Through these works each written prior to the end of the sixteenth century contemporary readers are able to engage the ideas that have shaped Christian theology and the church through the centuries **Rethinking Augustine's Early Theology** Carol Harrison,2006-01-20 Carol Harrison counters the assumption that Augustine of Hippo s 354 430 theology underwent a revolutionary transformation around the time he was consecrated Bishop in 396 Instead she argues that there is a fundamental continuity in his thought and practice from the moment of his conversion in 386 The book thereby challenges the general scholarly trend to begin reading Augustine with his *Confessions* 396 which were begun ten years after his conversion and refocuses attention on his earlier works which undergird his whole theological system Life-study of 1 & 2 Kings Witness Lee,1994 **Augustine's Manichaeism Dilemma, Volume 1** Jason BeDuhn,2010 Jason David BeDuhn reconstructs Augustine s decade long adherence to Manichaeism apostasy from it and subsequent conversion to Nicene Christianity Schwierigkeiten des englischen Gustav Krueger,1910 **Life-study of Joshua-Esther** Witness Lee,2026-01-21 The greatest type in the Old Testament is the history of the people of Israel who typify the church composed of the New Testament believers as God s elect Coming after the five books of the law the books of Moses Joshua is the first book of the twelve books of Israel s history from Joshua to Esther The twelve books of history are not concerned merely with history they are a part of the divine revelation concerning God s eternal economy which concerns Christ as the embodiment of God and the church as the organic Body of Christ for the consummating of the New Jerusalem The intrinsic revelation of the books of history in the Old Testament is to unveil to us how the eternal economy of God is carried out by His elect on the earth The eternal economy of God is altogether concerning Christ and for Christ mainly in the person of Christ and the kingdom of Christ Regarding the person of Christ the record of history in the Old Testament keeps a line of the genealogy of Christ for His coming through incarnation to be a man Regarding the kingdom of Christ the Old Testament history maintains a line of the kingdom of God for Christ to establish His divine kingdom on the earth These two items form the governing line of the divine revelation in the books of the history of Israel *Augustine's Manichaeism Dilemma, Volume 1* Jason David BeDuhn,2012-01-31 Augustine of Hippo is history s best known Christian convert The very concept of *conversio* owes its dissemination to Augustine s *Confessions* and yet as Jason BeDuhn notes conversion in Augustine is not the sudden dramatic and complete transformation

of self we likely remember it to be Rather in the Confessions Augustine depicts conversion as a lifelong process a series of self discoveries and self departures The tale of Augustine is one of conversion apostasy and conversion again In this first volume of Augustine s Manichaeism Dilemma BeDuhn reconstructs Augustine s decade long adherence to Manichaeism apostasy from it and subsequent conversion to Nicene Christianity Based on his own testimony and contemporaneous sources from and about Manichaeism the book situates many features of Augustine s young adulthood within his commitment to the sect while pointing out ways he failed to understand or put into practice key parts of the Manichaeism system It explores Augustine s dissatisfaction with the practice oriented faith promoted by the Manichaeism leader Faustus and the circumstances of heightened intolerance anti Manichaeism legislation and pressures for social conformity surrounding his apostasy Seeking a historically circumscribed account of Augustine s subsequent conversion to Nicene Christianity BeDuhn challenges entrenched conceptions of conversion derived in part from Augustine s later idealized account of his own spiritual development He closely examines Augustine s evolving self presentation in the year before and following his baptism and argues that the new identity to which he committed himself bore few of the hallmarks of the orthodoxy with which he is historically identified Both a historical study of the specific case of Augustine and a theoretical reconsideration of the conditions under which conversion occurs this book explores the role religion has in providing the materials and tools through which self formation and reformation occurs
