The James Bond Lover's Guide to Britain Edward Biddulph,2025-12-30 The fictional superspy James Bond is a cultural phenomenon becoming since his first appearance in the novel *Casino Royale* in 1953 a character as recognizable around the world as Sherlock Holmes and Robin Hood While we may associate James Bond with exotic locales underwater adventures and even outer space there are many sites in Britain connected with the character Locations used in the Bond films places mentioned in the novels buildings inhabited or visited by Bond s creator Ian Fleming James Bond has left his mark across the country This book takes you on a tour of Britain from the Highlands of Scotland to the White Cliffs of Dover from Wales to East Anglia to discover iconic film locations landmarks described in the novels and places associated with Ian Fleming This is the first guide that takes readers around Britain not only to explore the film settings but also the literary locations and places that had a profound impact on Ian Fleming s writing The generously illustrated book can be used as guide on Bond tours across the country as well as a treasure trove of fascinating Bond facts Exploring Space: 1999 John Kenneth Muir,2015-09-15 Starring internationally renowned actors Martin Landau Barbara Bain Barry Morse and Catherine Schell the British made *Space 1999* was the only truly original space adventure of the mid 1970s Sandwiched between the demise of the original *Star Trek* and the opening of the *Stars Wars* series on the big screen *Space 1999* featured a richly visualized world where space was terrifying and mysterious where not all problems were solvable by technology and the space travelers were very human From the science fiction show s conception in 1973 to its cancellation in 1977 this reference work covers each of the 48 episodes in depth including a full plot synopsis writer director guest star credits and critical commentary that examines both the episode and other shows that have used similar plotlines The popularity of *Space 1999* memorabilia and its many fan clubs are fully discussed along with the possibility of a future movie or reunion show that would tie up the loose ends caused by the show s abrupt cancellation Air Pictorial ,1999 *Named* Camilla Balshaw,2025-06-05 Gutsy entertaining and thought provoking A marvellous book Diana Evans What s in a name Everything we carry and everything we

are Our names are a shadow we carry around with us They are part of who we are Our names are a marker of our self identity and our sense of self Our names have the power to shock They have the power to heal and they have the power to trigger conversations around race class social mobility and belonging But what is a name What do our names tell us about ourselves And why do they matter Named is a fascinating exploration of names global naming conventions and identity politics woven into a moving personal narrative about the finding of family and self At the intersection of memoir and social and cultural history it is a truly fascinating book about the seemingly ordinary and every day The author s own narrative about her estrangement from her Nigerian father the grapples with her Jamaican mother and her journey towards identity is woven through the chapters making it an engaging and intimate investigation of what makes us who we are Modern Spiritualism: Book III.
