Lyra, My Love Jan Tempest, 1969 *Between Life and Death* ,2003 *Crystal Traveler* R. B. Brighton, Kathleen Dawe, 2016-06-25 A love story stretching across time *Crystal Traveler* takes the reader from the present day to the last days of Atlantis then forward again through myth and history Modern scientist Ta rel caught in a mysterious crystal generated time portal finds himself thrust into the midst of plots and intrigues within a society far removed from the world he knew Trying to discover how and why he was teleported back through time Ta rel must first learn to operate within a society with amazing similarities yet very different gifts and challenges than his time Ta rel finds support and guidance from Lyra High Priestess of the Temple of the Moon and together they grow and discover their souls connection and their destiny falling in love in the process As the world of Atlantis begins to disintegrate around them they rush to merge Ta rels scientific understanding with Atlantian vibrational technology to arrive at an answer with profound history changing implications for both Atlantis and todays world But can Ta rel and Lyra together outwit the political intrigue and celestial interference that plagues Atlantis during its final days What are the implications to our world if Ta rel and Lyra succeed *Crystal Traveler* engages the reader in the epic story of the final days of Atlantis with uncanny parallels and lessons for todays world Modern and classical research are combined with the authors personal visions and past life memories to create a believable compelling and detailed account of this period of global upheaval and change sweeping the reader into a world of intrigue mystery and expanded consciousness This first book of the *Crystal Message Chronicles* series will fill you with the wonders of a forgotten age and take you into the challenges of a postdiluvian world related in *Crystal Rescue* the next installment of this exciting series **Celestial Coordinates** Rebecca Christiana, 2024-11-20 Haunted by a past betrayal that shattered her career ex pilot Lyra Vance navigates the treacherous spaceport of Xantus 7 a desolate outpost clinging to the fringes of civilized space Her only companion is the Stardust Serpent a ship bearing the scars of forgotten battles mirroring Lyra s own internal wounds A flicker of hope ignites in the desolate expanse of her life with the arrival of Elias Thorne an eccentric astronomer obsessed with the legend of Aethelgard a lost Earth colony rumored to hold the key to humanity s evolution and a cosmic anomaly capable of obliterating star systems Bound by a shared desperation Lyra s yearning for escape and Elias s thirst for discovery they embark on a perilous odyssey beyond the galactic rim The Stardust Serpent becomes their sanctuary against the vast indifference of space Lyra s piloting prowess honed in the crucible of forgotten wars guides them through shimmering asteroid fields and nebulae painted across the void Elias his gaze fixed on the cosmic tapestry deciphers the whispers of ancient starlight navigating gravitational anomalies that threaten to tear their ship apart Their initial animosity crackles in the recycled air a volatile cocktail of Lyra s corrosive cynicism and Elias s unwavering idealism Yet beneath the surface tension a begrudging respect ignites fanned by the ever present threat of the Crimson Corsair a ruthless band of pirates led by the enigmatic Theron Theron s obsession with Aethelgard is not mere plunder but a desperate gambit to

reclaim a stolen birthright His relentless pursuit of the Stardust Serpent becomes a deadly ballet of laser fire and impossible maneuvers Elias though a scholar not a soldier unveils a surprising tactical mind wielding astrophysics to turn solar flares and black holes into strategic advantages Through these harrowing encounters their discord transforms into a hesitant camaraderie a bond as fragile and precious as a newborn star tested further by the cosmos itself Swirling vortices of chaotic spacetime remnants of a forgotten war between ancient entities threaten to unravel the fabric of reality Navigating these cosmic maelstroms demands not just Lyra s intuitive piloting but Elias s intimate understanding of the universe s intricate dance Their connection deepens in moments of shared vulnerability evolving beyond respect revealing a love as rare and beautiful as a nebula in bloom As they approach Aethelgard they re drawn into a galaxy spanning conspiracy involving Rachel Joyce a charismatic operative whose loyalties shift like quicksand and Jack Morrison a pragmatic mercenary haunted by a tragic past Aethelgard s stark reality confronts them a shattered paradise ravaged by the very technology that promised salvation The final confrontation explodes amidst the stars a clash of ideologies and advanced weaponry Theron unleashes the full force of the Corsair fleet while Rachel s true allegiances are revealed adding another layer of treachery to the chaotic battle Jack torn between his past and his loyalty to Lyra and Elias makes a pivotal choice Lyra s piloting skill and Elias s knowledge are pushed to the absolute limit Their love becomes a radiant star illuminating their path through the all consuming darkness

Star Wind The Pyramid of Destiny Francisco Angulo de Lafuente,2024-09-25

The Secret of Zephyria In the vastness of the cosmos where stars dance their eternal waltz and planets spin in silent orbits lies a world forgotten by time Zephyria a name that whispers ancient secrets an echo of civilizations lost in the dust of eons Under the unrelenting scrutiny of two moons their silvery light bathing the dunes in a spectral glow stands a monument to the unknown The Great Pyramid an obsidian colossus that defies human comprehension rises like a scar upon the planet s face an enigma carved in the very stone of mystery For countless millennia this slumbering titan remained silent guardian of unfathomable secrets under a star studded firmament The first colonists lured by rumors of unimaginable riches arrived on its barren shores with eyes filled with greed and hearts brimming with hope They sought Luminium a mineral whose power it was said could fuel their ships and extend their fleeting lives beyond the limits imposed by nature But the pyramid impervious to their efforts remained sealed Its dark chambers labyrinths of alien wisdom resisted every attempt at desecration The Great Pyramid waited patient as the mountains eternal as the stars for the chosen one to arrive And then like a meteor piercing the veil of night came Elara Dawnbringer Young impetuous with a thirst for knowledge that rivaled the vastness of the cosmos Elara was an enigma herself She was not driven by earthly riches or the promises of power that seduced her companions Her heart beat to the rhythm of a higher symphony the pursuit of knowledge the yearning to decipher the mysteries that the universe jealously guarded And it was on the sands of Zephyria under the imposing shadow of the Great Pyramid that she found her destiny written in the stars
