**Fragments of Desire** Johanna Dehler,1999 Tracing the influence of Sappho s fragmented literary legacy on three 20th century women writers H D Judy Grahn and Monique Wittig

this book discusses Sapphic fiction as a genre that emerged throughout the 20th century H D Grahn and Wittig represent three movements that have shaped the approach to the sexual subject and her desires modernism cultural feminism and poststructuralism respectively H D responds to Sappho with an imagistic style that resembles Sappho's terse and clipped lines Grahn recreates the idea of Lesbos as a model for a women centered society Wittig writing from a poststructuralist background alludes to Sappho in her fierce critique of myth and language This study draws on recent debates about the history of sexuality the body and the construction of the self and is meant as a contribution to the ongoing debate on how gender is constructed in modernist and postmodernist discourse

*Dictionary of English literature* William Davenport Adams,1880 *Romanticism: Romanticism and the margins* Michael O'Neill,Mark Sandy,2006 *Into Print* Leah L. Chang,2009 Printers were powerful figures in the creation of early modern books they determined the physical appearance of books changed content and even altered or eliminated the name of the author to suit their own commercial and cultural interests These interventions encouraged the birth of modern notions of authorship for they compelled writers editors and printers to confront questions of textual ownership and authority In the publication of female authors however book producers had to grapple with new concerns about authority and value since female authors were few and far between and their appeal was far from guaranteed Certainly the novelty of female authors could represent both an economic and cultural niche for the enterprising printer but that same novelty in a culture unaccustomed to women's literary production was also a risky investment

Henderson,Matthew Parkinson,1898 *Dictionary of English Literature* William Davenport Adams,1880 *Types of Romantic Drama* Robert Metcalf Smith,1928 *Moved by Love* Mary D. Sheriff,2008-10-30 In eighteenth century France the ability to lose oneself in a character or scene marked both great artists and ideal spectators Yet it was thought this same passionate enthusiasm if taken to unreasonable extremes could also lead to sexual deviance mental illness even death Women and artists were seen as especially susceptible to these negative consequences of creative enthusiasm and women artists doubly so Mary D Sheriff uses these very different visions of enthusiasm to explore the complex interrelationships among creativity sexuality the body and the mind in eighteenth century France Drawing on evidence from the visual arts literature philosophy and medicine she portrays the deviance ascribed to both inspired men and women But while various mythologies worked to normalize deviance in male artists women had no justification for their deviance For instance the mythical sculptor Pygmalion was cured of an abnormal love for his statue through the making of art He became a model for creative artists living happily with his statue come to life No happy endings though were imagined for such inspired women writers as Sappho and Heloise who burned with erotomania their art could not quench Even so Sheriff demonstrates the perceived connections among sexuality creativity and disease also opened artistic opportunities for creative women took full advantage of them Brilliantly reassessing the links between sexuality and creativity artistic genius and madness passion and
