**Saul Bellow** Chirantan Kulshrestha,1980      **The Critical Response to Saul Bellow** Gerhard Bach,1995-10-30 Though one of the most significant American writers of the 20th century Saul Bellow has continually elicited conflicting responses from critics Some critics have seen him as America s greatest contemporary writer while others have discounted him as discouragingly redundant Not even his novel Herzog generally considered his worthiest achievement has gone unchallenged The expansion of critical theory in the last decade has added to the controversy over Bellow s works The reviews and essays gathered in this volume illustrate the many disparate critical responses and approaches to Saul Bellow over the last 50 years from the late 1940s into the 1990s Representative samples of criticism from the earliest reviews to the most recent assessments trace the different critical phases and approaches to Bellow s work over time The selections included also reflect larger trends in literary criticism over the last half century and chart the history of the critical community s response to Bellow The selections are arranged chronologically in clusters devoted to particular works      The Routledge

**Contemporary Jewish-American Novelists** Joel Shatzky,Michael Taub,1997-07-16 Since World War II Jewish American novelists have significantly contributed to the world of literature This reference book includes alphabetically arranged entries for more than 75 Jewish American novelists whose major works were largely written after World War II Included are entries for both well known and relatively obscure novelists many of whom are just becoming established as significant literary figures While the volume profiles major canonical figures such as Saul Bellow Norman Mailer and Bernard Malamud it also aims to be more inclusive than other works on contemporary Jewish American writers Thus there are entries for gay and lesbian novelists such as Lev Raphael and Judith Katz whose works challenge the more orthodox definition of Jewish religious and cultural traditions Art Spiegelman whose controversial I Maus R established a new genre by combining elements of the comic book and the conventional novel and newcomers such as Steve Stern and Max Apple who have become more prominent within the last decade Each entry includes a brief biography a discussion of major works and themes an overview

of the novelist's critical reception and a bibliography of primary and secondary sources. A thoughtful introduction summarizes Jewish American fiction after World War II and a selected general bibliography lists additional sources of information. Since World War II Jewish American novelists have made numerous significant contributions to contemporary literature. Authors of earlier generations would frequently write about the troubles and successes of Jewish immigrants to America and their works would reflect the world of European Jewish culture. But like other immigrant groups Jewish Americans have become increasingly assimilated into mainstream American culture. Many feel the loss of their heritage and long for something to replace the lost values of the old world. This reference book includes alphabetically arranged entries for more than 75 Jewish American novelists whose major works were largely written after World War II. Included are entries for both well known and relatively obscure novelists, many of whom are just becoming established as significant literary figures. While the volume profiles major canonical figures such as Saul Bellow, Norman Mailer, and Bernard Malamud, it also aims to be more inclusive than other works on contemporary Jewish American writers. Thus there are entries for gay and lesbian novelists such as Lev Raphael and Judith Katz whose works challenge the more orthodox definitions of Jewish religious and cultural traditions. Art Spiegelman, whose controversial *Maus* established a new genre by combining elements of the comic book and the conventional novel, and newcomers such as Steve Stern and Max Apple, who have become more prominent within the last decade. Each entry includes a brief biography, a discussion of major works and themes, an overview of the novelist's critical reception, and a bibliography of primary and secondary sources. A thoughtful introduction summarizes Jewish American fiction after World War II and a selected general bibliography lists additional sources for information.

**Saul Bellow**  
**Journal**, 1991. *Saul Bellow* Chirantan Kulshrestha, 1978. On Saul Bellow b. 1915. American novelist. **Indian Doctoral Dissertations in English Studies** K. Naseem, 2000. Indian Research in English Studies Has a Long and Rich Tradition But Unfortunately It Has Failed to Make Any Notable Impact on the Academic World. This is Largely Due to the Fact that Most of the Indian Doctoral Dissertations in English Studies Lie Buried in University Libraries and are Inaccessible to Aspiring Researchers. No Attempt has been made so far to establish any link or coordination between research activities of different universities/institutes. This has resulted in a total neglect of earlier research and unnecessary duplication. The present volume is designed to end this unhappy situation by providing a complete and authentic account of research carried out in Indian universities, not only in British American Commonwealth and Indian English literature but also in comparative studies, translation studies, language, linguistics, and ELT. Entries on the above mentioned are arranged subject wise in chronological sequence and are followed by a separate section on individual authors in alphabetical order. Thus it provides a consolidated view of Indian research in English and serves as an invaluable reference manual. It is a step towards orientation and systematisation of Indian research in English studies and will help to make research a well informed, well planned, and meaningful exercise.
