Stagoll, Michael P. Levine, 2019-03-25 William James one of America s most original philosophers and psychologists was concerned above all with the manner in which philosophy might help people to cope with the vicissitudes of daily life Writing around the turn of the twentieth century James experienced firsthand much as we do now the impact upon individuals and communities of rapid changes in extant values technologies economic realities and ways of understanding the world He presented an enormous range of practical recommendations for coping and thriving in such circumstances arguing consistently that prospects for richer lives and improved communities rested not upon trust in spiritual or material prescriptions but rather on clear thinking in the cause of action This volume seeks to demonstrate how James s astonishingly rich corpus can be used to address contemporary issues and to establish better ways for thinking about the moral and practical challenges of our time In the first part James s theories are applied directly to issues ranging from gun control to disability and the ethics of livestock farming to the meaning of progress in race relations The second part shows how James s theories of ethics experience and the self can be used to clear away theoretical matters that have inhibited philosophy s deployment to real world issues Finally part three shows how individuals might apply ideas from James in their personal lives whether at work contemplating nature or considering the implications of their own habits of thought and action **Great Pianists on Piano Playing** James Francis Cooke, 1917 [Grand Duets for Piano, Book 1](#) Melody Bober, 2008-12-04 The thrill of making music with a friend or teacher is captured in this new series of duets Written with the beginning piano student in mind the pieces in this collection have a limited reading and playing range Both primo and secondo parts are equal in difficulty and usually stay in one position throughout the piece A variety of keys styles meters and tempos are featured Titles Back and Forth Waltz Dance Class Hometown Celebration Hot Popcorn Listen to the Wind A
