"The Red Twins were adorned in red armor, both built like giant apes, moving like them too. Each sported what looked like curved pointed ears similar to a shepherd's. Kry couldn't tell if these were androids or some kind of native creatures from the architects' home world. The creature in front was slightly larger than the one behind and moved with a sense of confidence and bloodlust that sent chills up Kry's spine. The smaller one moved completely on the coattails of its larger sibling, not possessing the same confidence, but still empowered by it's companion's presence. The smaller one had a mohawk running along the entirety of it's neck, while the larger one didn't. It sported neon aqua blue eyes or optics unlike its larger sibling whose orbs were neon light purple."
