Nkrumahs Consciencism

Yuri Smertin

Nkrumahs Consciencism:

Consciencism Kwame Nkrumah, 1978 *Consciencism Philosophy and Ideology for de colonisation Kwame Nkrumah* Kwame Nkrumah here sets out his personal philosophy **Consciencism** Kwame Nkrumah, 2018-11-01 Near Fine see scans and description New York Monthly Review Press 1970 *Consciencism Philosophy and Ideology for Decolonization by Kwame Nkrumah* ISBN 0853451362 Octavo printed perfect bound wraps 122 pp Near Fine with no salient flaws whatsoever some light cover rubbing and touch edgewear Sharp handsome Nkrumah s effort to translate parts of traditional European socialist philosophy into terms relevant to circumstances in Africa at the time LT18 **Disentangling Consciencism** Martin Odei Ajei, 2016-12-06 Kwame Nkrumah is globally recognized as a foremost pan Africanist strategist and statesman He is less widely acknowledged as a philosopher in spite of his considerable philosophical training seminal contribution to African political theory and incisive critique of the ethics of international relations *Consciencism* has the distinctive status of being the only published book that Nkrumah consciously meant to be a work of his philosophy yet it has failed to attract the focused attention of philosophers The chapters in *Disentangling Consciencism Essays on Kwame Nkrumah s Philosophy* critically explore the metaphysical ethical and political thought expressed in *Consciencism* In doing so they broaden our understanding of his philosophical ideas and their relevance for effective African contribution to thought in a contemporary world in which Africa increasingly totters on the margins of international affairs In much of current moral and political thinking there is a tendency to universalize liberal values and neglect non Western philosophical perspectives At the same time global normative thinking is overwhelmingly applied in non Western contexts Writing from across three continents the contributors to this volume establish greater intellectual connection among African Asian and Western academics and their chapters offer explicit perspectives on the value of Nkrumah s philosophy and on the conceptual basis of early post colonial public policy options in Africa A valuable appendix provides the text of speeches delivered at the 1964 launch of *Consciencism* With insights into numerous dimensions of Nkrumah s philosophy this volume will be of particular interest to students and scholars of philosophy especially of non Western metaphysical moral and political thought and to anyone working in the history of African political theory *Kwame Nkrumah* Ebenezer Obiri Addo, 1997 *Comprises a study of Ghana s first post colonial prime minister and president Kwame Nkrumah 1909 1972 focusing on his use of religion in the development of national integration and modernization among other political goals* The author offers a historical account of religion and politics in Ghana draws on social political and anthropological theories to evaluate Nkrumah s leadership from several different angles and finally assesses Nkrumah s legacy Annotation copyrighted by Book News Inc Portland OR *Kwame Nkrumah's Liberation Thought* Robert Yaw Owusu, 2006 An attempt to recapture the liberation philosophy of Kwame Nkrumah first prime minister of Ghana Owusu seeks to define a theoretical basis on which a modern socio political and ethical structure for Ghana can be built and offers a paradigm for developing a role of advocacy to the Ghanaian

religious edifice He also strives to recapitulate Ghana's self dignity self realisation and self subsistence by highlighting the essential assumptions dimensions and specificities of African personhood *Kwame Nkrumah's Politico-cultural Thought and Policies* Kwame Botwe-Asamoah,2005 This study critically synthesizes and analyses the relationship between Kwame Nkrumah's politico cultural philosophy and policies as an African centred paradigm for the post independence African revolution It also argues for the relevance of his theories and politics in today's Africa *Exploitation and Misrule in Colonial and Postcolonial Africa* Kenneth Kalu, Toyin Falola,2018-10-08 This book offers new perspectives on the history of exploitation in Africa by examining postcolonial misrule as a product of colonial exploitation Political independence has not produced inclusive institutions economic growth or social stability for most Africans it has merely transferred the benefits of exploitation from colonial Europe to a tiny African elite Contributors investigate representations of colonial and postcolonial exploitation in literature and rhetoric covering works from African writers such as Ngugi wa Thiong'o Kwame Nkrumah and Bessie Head It then moves to case studies drawing lines between colonial subjugation and present day challenges through essays on Mobutu's Zaire Nigerian politics the Italian colonial fascist system and more Together these essays look towards how African states may transform their institutions and rupture lingering colonial legacies *Consciencism in African Political Philosophy* Chuba Okadigbo,1985 *Disentangling Consciencism* Kwame Gyekye,2017 Kwame Nkrumah is globally recognized as a foremost pan Africanist strategist and statesman He is less widely acknowledged as a philosopher in spite of his considerable philosophical training seminal contribution to African political theory and incisive critique of the ethics of international relations Consciencism has the distinctive status of being the only published book that Nkrumah consciously meant to be a work of his philosophy yet it has failed to attract the focused attention of philosophers The chapters in *Disentangling Consciencism Essays on Kwame Nkrumah's Philosophy* critically explore the metaphysical ethical and political thought expressed in Consciencism In doing so they broaden our understanding of his philosophical ideas and their relevance for effective African contribution to thought in a contemporary world in which Africa increasingly totters on the margins of international affairs In much of current moral and political thinking there is a tendency to universalize liberal values and neglect non Western philosophical perspectives At the same time global normative thinking is overwhelmingly applied in non Western contexts Writing from across three continents the contributors to this volume establish greater intellectual connection among African Asian and Western academics and their chapters offer explicit perspectives on the value of Nkrumah's philosophy and on the conceptual basis of early post colonial public policy options in Africa A valuable appendix provides the text of speeches delivered at the 1964 launch of Consciencism With insights into numerous dimensions of Nkrumah's philosophy this volume will be of particular interest to students and scholars of philosophy especially of non Western metaphysical moral and political thought and to anyone working in the history of African political theory **Global Marxism** Simin Fadaee,2024-09-10 A cutting edge exploration of how Marx's ideas have been adopted and adapted by

revolutionary thinkers in the Global South For much of the twentieth century the ideas of Karl Marx provided the backbone for social justice around the world But today the legacy of Marxism is contested with some seeing it as Eurocentric and irrelevant to the wider global struggle In Global Marxism Simin Fadaee argues that Marxism remains a living tradition and the cornerstone of revolutionary theory and practice in the Global South She explores the lives ideas and legacies of a group of revolutionaries who played an exceptional role in contributing to counter hegemonic change Figures such as Ho Chi Minh Kwame Nkrumah Ali Shariati and Subcomandante Marcos did not simply accept the version of Marxism that was given to them they adapted it to local conditions and contexts In doing this they demonstrated that Marxism is not a rigid set of propositions but an evolving force whose transformative potential remains enormous This global Marxism has much to teach us in the never ending task of grasping the changing historical conditions of capitalism and the complex world in which we live

A Post-Colonial Reconstruction of Africa Pieter H. Coetzee, 2024-02-21 *A Post Colonial Reconstruction of Africa* surveys the significant reconstruction work undertaken in the social and political organization of sub Saharan African society in the decades following the colonial interruption and subjects these efforts to rigorous criticism in order to establish whether they can carry the weight of modernization efforts in Africa To examine the significant trends it highlights the work of African intellectuals such as Kwasi Wiredu Kwame Gyekye Paulin Hountondji Kwame Nkrumah Anthony Appiah Ato Sekyi Otu and Bernard Matolino Pieter H Coetzee argues that reconstruction inspired by traditional communitarian systems of social organization including the modified form presented by Matolino do not adequately do justice to the liberty aspirations of individuals in an era when the demand for increased democratization has become globally paramount Reconstruction efforts inspired by appeal to native traditions of liberalism including native conceptions of individual rights fare better in this regard However current reconstruction efforts have done little to rescue Africans from the negative economic effects of colonialism and neo colonialism and fail to alleviate self perception problems created by Western racism Appiah s cosmopolitan option and Sekyi Otu s left universalism are notable exceptions

Disentangling Consciencism Martin Odei Ajei, 2018-07-15 Kwame Nkrumah is globally recognized as a foremost pan Africanist strategist and statesman He is less widely acknowledged as a philosopher in spite of his considerable philosophical training seminal contribution to African political theory and incisive critique of the ethics of international relations *Consciencism* has the distinctive status of being the only published book that Nkrumah consciously meant to be a work of his philosophy yet it has failed to attract the focused attention of philosophers The chapters in *Disentangling Consciencism* Essays on Kwame Nkrumah s Philosophy critically explore the metaphysical ethical and political thought expressed in *Consciencism* In doing so they broaden our understanding of his philosophical ideas and their relevance for effective African contribution to thought in a contemporary world in which Africa increasingly totters on the margins of international affairs In much of current moral and political thinking there is a tendency to universalize liberal values and neglect non Western philosophical perspectives At the same

time global normative thinking is overwhelmingly applied in non Western contexts Writing from across three continents the contributors to this volume establish greater intellectual connection among African Asian and Western academics and their chapters offer explicit perspectives on the value of Nkrumah s philosophy and on the conceptual basis of early post colonial public policy options in Africa A valuable appendix provides the text of speeches delivered at the 1964 launch of Consciencism With insights into numerous dimensions of Nkrumah s philosophy this volume will be of particular interest to students and scholars of philosophy especially of non Western metaphysical moral and political thought and to anyone working in the history of African political theory

Nkrumah's Consciencism Charles Adom Boateng,1995

The Pan-Africanist Thought of Kwame Nkrumah Kumi Ansah-Koi,1985

The Political Legacy of Kwame Nkrumah of Ghana Charles Adom Boateng,2003 This work contributes to the fields of political science sociology development economics and international relations to furnish an understanding of the role and impact of one of Africa s and indeed the entire Third World s leading political figures

Nkrumah's Consciencism Charles Adom Boateng,1986

The Pan Africanist ,1974

African Philosophy and the Problem of Literary Interpretation Euphrase Kezilahabi,1985

Kwame Nkrumah Yuri Smertin,1987 An original study of the life and work of Nkrumah which traces the development of his thought and practice Key passages from Nkrumah s writings and those of contemporaries are drawn on to illuminate Nkrumah s great contributions as well as certain contradictory elements in his outlook An excellent one volume source

African Philosophy Parker English,Kibujjo M. Kalumba,1996
