# No Chance

**Robert R. Redfield**

## No Chance:

The Outsider Paul M. Sniderman, Pierangelo Peri, Thomas Piazza, 2002-08-18 The study of prejudice has been stimulated but also limited by the development of competing partial theories Prejudice and group conflict are said to be rooted in the psychological makeup of individuals or alternatively to spring from real competition over material goods or social status or yet again to follow in the wake of a quest for identity But the principal proponents of each theory have insisted that just so far as their approach is right then at least one of the others must be wrong or at most of marginal importance It is the distinctive effort of The Outsider to develop a unified theory of prejudice integrating personality realistic conflict and social identity approaches Jacket *Current Housing Reports*, 1989 *Auditing B.
